Becoming The Thinker:

Becoming the Thinker Charles Munn, 1999-01-19 The title *Becoming The Thinker* is meant to be an ideal merging of one's physical brain with what some consider to be intuition or instinct or inborn health and what others may even consider to be god. Yet *Becoming The Thinker* does not promise that humankind at least in this mutation will ever fully merge with intuition, instinct, god, and see the entire whole truth of the universe. How far you decide to take this process can only be your choice. No one can look into your thoughts and know what limitations, intellectual or otherwise, you may have placed upon yourself or what is hardwired into your brain. Please forgive me for the following wolf metaphor I use it only in order to simplify what seems to be occurring in our current culture. From the little I know about Wolves they don't seem to be manipulative or deceitful. I suspect you will agree that we live in a racist or ethno-centric world. Yet the extremely small hidden ruling class does not seem to be concerned with mundane thoughts such as skin color. Rather the ruling class seems to be more like wolves in the sense that a few are alpha types but most others are not yet all who choose to actually think rather than react from an imposed training can be thought of as people-wolves. To belong to this ruling class wolf-pack that is fast becoming the corporate world and the corporate media as opposed to merely corporate America etc it only seems to matter that you develop a cutting edge personal honesty which does not necessarily extend to your fellow wolves and certainly not to the would-be wolves who are in reality little more than people-sheep who remain in the trance of life. In this sense the people-wolves are always the hidden ruling class who cause the media to aid in the manufacture of consent and impose that manufactured truth upon the people-sheep who in turn then believe it is themselves who run the world. Those people-sheep still in the trance of life are not forced into being victims they have merely been tricked into letting others do their thinking. People-sheep can also choose NOT to be mired in a myriad of unexamined beliefs, systems of thought which disconnects them from the clearer light. They can choose to come out into the real light, find their personal honesty and begin to wisk away the centuries of cultural fog which keeps them locked in the trance of life. That is sheep-like humans can choose to become wolf-like. However the irony is that most people-sheep are so deluded that they believe themselves to be Wolves. Only you can examine your ingrained systems of thought, Ego, and decide where you fit into the scheme of things. **BECOMING THE THINKER** is about a rediscovered ancient paradigm that is only now gaining momentum. The book shows how to reconnect with the unlimited power of your inner wisdom and mold the future to your own desires. Your awakened ability to control your own future amplifies your natural intuitive gifts. Inborn intuition provides us with the fearless talent to recognize and analyze accurate information. That ability is intuitive free will and it is the real gift of the universe. In 1991 after discovering an emerging and profound paradigm I wrote a series of essays designed to remind me how to stay connected to our natural inner power. Wanting to add momentum to the paradigm I floated some of the essays on the net. I later put it all together in this self-help book *Becoming The Thinker*. In order to reach even more people I recently finished the novel
