Becoming Tongan

Otto Scheerer, Carlos Everett Conant

Becoming Tongan:

Becoming Tongan Helen Morton,1996-08-01 In this first detailed account of growing up in Tonga Helen Morton focuses on the influence of anga fakatonga the Tongan way in all facets of Tongan childhood from the antenatal period to late adolescence Childhood is a crucial period when cultural identity and notions of tradition are constructed as well as beliefs about self personhood and emotion Based on her anthropological fieldwork and her experiences in Tonga over several years Morton traces the Tongan socialization process from being vale ignorant socially incompetent to becoming potu clever socially competent in fascinating detail The socialization of emotion is also given detailed attention especially the management of anger and emphasis on emotional restraint

Becoming Tongan Helen Kavapalu,1991 Tonga Martin Daly,2009-02-04 Praise for the first edition Tonga is unique among bibliographies in its perception and understanding and in its affection for Tonga and its people Daly s work stands on exceptionally sound foundations His summaries are excellent indeed but Daly writes always with the authority of first hand knowledge with a keen eye for the essential and the ability to interpret and clarify obscurities A trustworthy introduction to Tonga in all its diversity a splendid point de d part for all layman or scholar needing a reliable guide to the essential literature about this remarkable Polynesian kingdom Bulletin of the School of Oriental and African Studies The book is so arranged that it is easy to locate any of the items listed I found myself spending pleasant hours perusing Daly s comments on the different publications I hope the rumor of a second revised edition of this bibliography is true Journal of the Polynesian Society Tonga is a fascinating and subtle combination of a traditional Polynesian kingdom the only one to survive the impact of colonization in the nineteenth century and remain independent and a thoroughly Christian country This comprehensive bibliography is a selective guide to the most significant and accessible English language books papers and articles on every aspect of the kingdom s history culture arts politics environment and economy It is a much updated and expanded edition of the original version that was published in 1999 as part of the World Bibliographical Series with the addition of more than 200 new entries Each of the approximately 600 described and annotated items is organized under broad subject headings and indexed by author title and subject In addition and new to this edition all known Ph D theses although not annotated are shown within their appropriate subject categories and indexed Also new is a section on the most important Tonga related websites A general introduction describes the Tongan kingdom its history and society and its current situation Tonga A New Bibliography will be an invaluable resource for anyone with a serious interest in Tonga and an indispensable volume for academic libraries reference collections and policy makers focused on the Pacific islands

Change and Continuity in the Pacific John Connell,Helen Lee,2018-04-09 Thousands of studies have been conducted by social scientists in the villages and islands and increasingly in the towns of the Pacific Despite this there are few longitudinal studies of any great depth and sophistication in the region The contributors to this book have all conducted long term research in the islands of the Pacific During their visits and revisits they have witnessed

first hand the many changes that have occurred in their fieldsites as well as observing elements of continuity They bring to their accounts a sense of their surprise at some of the unexpected elements of stability and of transformation The authors take a range of disciplinary approaches particularly geography and anthropology and their contributions reflect their deep knowledge of Pacific places some first visited more than 40 years ago Many of the chapters focus on aspects of socio economic change and continuity while others focus on specific issues such as the impact of both internal and international migration political and cultural change technological innovation and the experiences of children and youth By focusing on both change and continuity this collection of 11 case studies shows the complex relationships between Pacific societies and processes of modernity and globalisation By using a long term lens on particular places the authors are able to draw out the subtleties of change and its impacts while also paying attention to what in the contemporary Pacific has been left remarkably unchanged Filling a gap in the studies of the Pacific region this book will appeal to an interdisciplinary audience in the fields of anthropology development geography and Asia Pacific studies

Reppin' Keith L. Camacho, 2021-05-27 Explores the critical insights and creative energies of Pacific Islander youth From hip hop artists in the Marshall Islands to innovative multimedia producers in Vanuatu to racial justice writers in Utah Pacific Islander youth are using radical expression to transform their communities Exploring multiple perspectives about Pacific Islander youth cultures in such locations as Aotearoa New Zealand Australia Hawai i and Tonga this cross disciplinary volume foregrounds social justice methodologies and programs that confront the ongoing legacies of colonization incarceration and militarization The ten essays in this collection also highlight the ways in which youth throughout Oceania and the diaspora have embraced digital technologies to communicate across national boundaries mobilize sites of political resistance and remix popular media By centering Indigenous peoples creativity and self determination *Reppin'* vividly illuminates the dynamic power of Pacific Islander youth to reshape the present and future of settler cities and other urban spaces in Oceania and beyond

Global Tourism Sarah M. Lyon, E. Christian Wells, 2012-03-15 Global tourism is perhaps the largest scale movement of goods services and people in history Consequently it is a significant catalyst for economic development and sociopolitical change While tourism increasingly accounts for ever greater segments of national economies the consequences of this growth for intercultural interaction are diverse and uncertain The proliferation of tourists also challenges classic theoretical descriptions of just what an economy is What are the commodities being consumed What is the division of labor between producers and clients in creating the value of tourist exchanges How do culture power and history shape these interactions What are the prospects for sustainable tourism How is cultural heritage being shaped by tourists around the world These critical questions inspired this volume in which the contributors explore the connections among economy sustainability heritage and identity that tourism and related processes makes explicit The volume moves beyond the limits of place specific discussions case studies and best practice examples Accordingly it is organized according to three overarching themes exploring dimensions of

cultural heritage the multi faceted impacts of tourism on both hosts and guests and the nature of touristic encounters Based on ethnographic and archaeological research conducted in distinct locations the contributors conclusions and theoretical arguments reach far beyond the limits of isolated case studies Together they contribute to a new synthesis for the anthropology of tourism while simultaneously demonstrating how emerging theories of the economics of tourism can lead to the rethinking of traditionally non touristic enterprises from farming to medical occupations Stewart's Hand Book of the Pacific Islands Percy Stafford Allen,Percy S.
