Kate Pahl, Jennifer Rowsell

Becoming Biliterate Young Children Learning Different Writing Systems:

Becoming Biliterate Charmian Kenner, 2004 Case studies of six year olds growing up in London reveal how children become bi literate and how their bilingual learning is supported in home and community contexts This book should help early years educators to understand how children learn to write in more than one language

The Developing Child in the 21st Century Sandra Smidt, 2013-06-19 Offering a sociocultural approach to education and learning this fascinating exploration of childhood provides an in depth understanding of how children make sense of the world and the people in it Examining the ways in which children express their thoughts feelings and actively generate meaning through experience and interaction this fully revised and updated new edition is illustrated throughout by extensive case studies and covers a diverse range of topics including socio historical and global child development over time and place the child as meaning maker and active learner learning in the context of family culture group society representing and re representing the world understanding roles identity race and gender making sense of science and technology the implications of neuroscience Taking a clearly articulated and engaging perspective Sandra Smidt draws upon multiple sources and ideas to illustrate many of the facets of the developing child in a contemporary context She depicts children as symbol users role players investigators and creative thinkers and follows children s progress in forming their understanding of their environment asking questions about it and expressing it through music dance art and constructive play Highly accessible and with points for reflection concluding each chapter *The Developing Child* is essential reading for teachers lecturers and students taking courses in early childhood psychology or sociology

Supporting Multilingual Learners in the Early Years Sandra Smidt, 2007-11-21 Shortlisted for the Nasen Book that supports SEN and Disability Issues Award 2008 Are children who are exposed to more than one language from birth at an advantage or a disadvantage when starting school *Supporting Multilingual Learners in the Early Years* examines the theoretical ideological and practical issues involved in the education of children speaking two or more languages coming to settings which are predominantly monolingual The book examines current research and thinking about the advantages and disadvantages of being multilingual and tackles complex topics such as what being multilingual implies in terms of prior learning and why this matters in education the importance of respect for diversity and encouraging children to be proud of their language and culture practical ways to help young children acquire English ways of working with parents who themselves have little or no English the differences and difficulties involved in a child learning an additional language so early on in their lives strategies for exploring the learning of multilingual learners and a review of the resources and activities that could help Sandra Smidt views multilingualism as a cognitive advantage and shows how Early Years practitioners can use interactive styles of learning to focus on the benefit that the many cultures and languages in the classroom can bring to children s learning and development Written in a highly accessible tone this book offers practitioners a mix of practical case studies and examples in which theory is embedded and its importance explained

Students of early childhood education will also appreciate the author's carefully structured approach to the topic as she includes summary boxes glossaries and points for reflection in each chapter

Handbook of Early Childhood Literacy Nigel Hall, Joanne Larson, Jackie Marsh, 2003-10-18

This volume examines early literacy research on a global scale and puts social cultural and historical analyses in the front seat without losing sight of individual and family level matters in the process It is comprehensive ground breaking and provocative and should help literacy researchers to think differently about the field Marjorie Faulstich Orellana School of Education and Social Policy Northwestern University No other publication that I am aware of brings together views from such diverse disciplines contributing to a comprehensive statement about early childhood literacy The Handbook not only reviews the current field of situated literacy but presents some important and exciting new research It is a significant resource that promises to become a landmark text Eve Bearne University of Cambridge Faculty of Education U K This handbook brings together an astonishing array of writers who explore contemporary political cultural and cognitive understandings of early childhood literacy Literacy and literacy acquisition are broadly defined here to encompass not just traditional notions of reading and writing but multimodalities multiliteracies and critical literacies It is rich and comprehensive an invaluable resource for scholars educators and students of early childhood literacy Elsa Auerbach Professor of English University of Massachusetts Boston This book is unique in its broad consideration of topics and its global focus I particularly appreciate how the editors have situated current research in an historical context

They have also included development issues pedagogy research and the newest areas of interest critical literacy and popular culture Diane Barone University of Nevada Reno In recent years there has been a virtual revolution in early childhood studies with a mass of books and papers seeking to re examine and reposition childhood At the same time an equally significant area has developed within literacy studies reflecting a growing interest in the nature of literacy as a socially situated phenomenon There is increased interest in literacy as a multimodal concept in which symbolic meaning is a central concept rather than more conventional and narrower notions of literacy The Handbook of Early Childhood Literacy is central in providing access to all these different perspectives The Handbook offers a way through the vast diversity of publications on early childhood literacy by providing comprehensive and up to date reviews of research and thinking in early childhood literacy The arrangement of chapters reflects a contemporary perspective on research into early childhood literacy Major sections include the global world of early childhood literacy childhood literacy and family community and culture the development of literacy in early childhood pedagogy and early childhood literacy and researching early childhood literacy Contributions by leading authorities focus on literacy as a socially situated and global experience one that is evolving in relation to changes in contemporary culture and technological innovation

Bilinguality and Literacy Second Edition Manjula Datta,2007-11-23 Examines the educational needs of bilingual children and the methods that can be used to improve and develop literacy and literature in the classroom

Becoming Biliterate Bobbie Kabuto,2010-09-13 Through the real life context of one child learning to be bilingual and biliterate this book raises questions and provides a context for pre service and practicing teachers to understand and reflect on how children learn to read and write in multiple languages Highlighting the social and cognitive advantages of biliteracy its purpose is to help teachers better understand the complexity by which young children become biliterate as they actively construct meaning and work through tensions resulting from their everyday life circumstances Perspectives regarding identity and language ideologies are presented to help teachers refine their own pedagogical approaches to teaching linguistically diverse children Readers are engaged in understanding early biliteracy through a process of articulating and questioning their own assumptions and beliefs about learning in multiple languages and literacies

Bilingual Education in the 21st Century Ofelia García,2009 Bilingual Education in the 21st Century examines languages and bilingualism as individual and societal phenomena presents program types variables and policies in bilingual education and concludes by looking at practices especially pedagogies and assessments This thought provoking work is an ideal textbook for future teachers as well as providing a fresh view of the subject for school administrators and policy makers Provides an overview of bilingual education theories and practices throughout the world Extends traditional conceptions of bilingualism and bilingual education to include global and local concerns in the 21st century Questions assumptions regarding language bilingualism and bilingual education and proposes a new theoretical framework and alternative views of teaching and assessment practices Reviews international bilingual education policies with separate chapters dedicated to US

and EU language policy in education Gives reasons why bilingual education is good for all children throughout the world and presents cases of how this is being carried out

English 3-11 David G. Waugh, Wendy Jolliffe, 2008 In line with the National Primary Strategy this core introductory textbook provides comprehensive up to date and most importantly creative guidance on teaching English in the early years and primary classroom Covering all of the key curriculum areas in manageable and accessible chapters the book aims to motivate and support teachers to achieve enjoyment progression breadth and balance in their teaching of effective and creative English Key topics covered include assessment for learning cooperative learning popular culture and multi media By combining both subject knowledge with effective pedagogical approaches to teaching English this book is an essential one stop resource for all busy teachers

Family Literacy Experiences Jennifer Rowsell, 2006 Family Literacy Experiences explores the power of the home school connection It shows teachers how to make the world outside the classroom an integral part of effective classroom instruction In the past educators have responded to the compelling research that links a strong home literacy environment and student achievement by trying to change what students do at home This book takes a different approach it explores innovative ways teachers can incorporate home and out of school experiences in reading and writing instruction

BOOK JACKET

Listening Counts Jenny Houssart, John Mason, 2009 Children learn about numbers by talking and doing This book offers closely observed accounts of what children in their early years and at primary school say and do Some arise from classrooms others are based on interviews and day to day interactions Together they illuminate the learning and therefore the teaching of mathematics to young children The first chapters look at early mathematical development at home and show how parents and grandparents can enhance learning A study of a elementary school class responding to fractions illustrates how the children listen to each other's ideas A group of children considered to have challenging behavior discuss what helps and hinders their learning as they work on a project on robots Unofficial talk is also revealing as the observation of children in the bottom set for mathematics demonstrates And when working with bilingual pupils what happens when the children teach the adult to count in their language one the adult doesn't know This range of observations research and practice will be of immense value to all primary and early years teachers and to families wishing to develop their children's numeracy Contributors include Hilary Evens Alan Graham and Roger Duke David Hewitt Jenny Houssart Sue Johnston Wilder and Andreas Kyriakides

Multilingual Learning Jean Conteh, Peter W. Martin, Leena Helavaara Robertson, 2007 With its stories of individual learners and teachers in a wide range of contexts this book argues for a rethink of both the theoretical and practical discussions concerning multilingual education in Britain

Travel Notes from the New Literacy Studies Kate Pahl, Jennifer Rowsell, 2006 This book joins two important fields that of literacy and multimodality with a focus on local and global literacies Chapters include work on media popular culture and literacy weblogs global and local crossings in and out of educational settings in such locations as the US the UK South Africa Australia and Canada

Children, Language, and

Literacy Celia Genishi, Anne Haas Dyson, 2009-05-29 In their new collaboration Celia Genishi and Anne Haas Dyson celebrate the genius of young children who are learning language and literacy in our diverse times Despite burgeoning sociocultural diversity many early childhood classrooms pre K to grade 2 offer a one size fits all curriculum in which learning is too often assessed by standardized tests In contrast Genishi and Dyson proclaim diversity as the new norm They feature stories of children whose language learning is impossible to standardize and teachers who do not follow scripts These master teachers observe informally assess respond to and grow with their students some of whom are rapid language learners and some of whom become speakers readers and writers at child speed Much of this learning regardless of tempo is found within the language rich contexts of play Chapters focus on children's ways of communicating through varied modes including the use of nonverbal expression languages such as Spanish English and the variant of English known as African American Language and multiple media Throughout the text there is a resistance to labels such as at risk and a much needed advocacy for child sensible practices in a world where diversity is indeed the new norm **Encyclopedia of Language and Education** Nancy H. Hornberger, 2007-11-20 In this second fully revised edition the 10 volume Encyclopedia of Language and Education offers the newest developments including two new volumes of research and scholarly content essential to the field of language teaching and learning in the age of globalization In the selection of topics and contributors the Encyclopedia reflects the depth of disciplinary knowledge breadth of interdisciplinary perspective and diversity of sociogeographic experience in the field Throughout there is an inclusion of contributions from non English speaking and non western parts of the world providing truly global coverage **MultiCultural Review** ,2004 Realising Potential Tözün Issa, Claudette Williams, 2009 Over the past half century millions of children have spent their Saturdays or Sundays in the schools set up by their communities This book reveals the workings of these complementary schools and their significance for black communities and for bilingual children It explores the contribution of complementary schools to pupils education and achievement in the mainstream By critically evaluating existing practices the authors identify the good practice in complementary schools and indicate avenues for closer collaboration between these and mainstream schools Readers of this comprehensive study of the complementary sector will find an account of the historical and political background and the emergence of community generated schools analysis of current provision in the context of local and national policies examination of curriculum provision teaching approaches and training needs based on data analysis of ongoing practice case studies illustrating the diversity of complementary school provision discussion of the implications for complementary and mainstream teachers principals policy makers and teacher education institutions recommendations for strengthening provision and fostering collaboration across all education provision **Illinois Reading Council Journal** ,2015 **Multilingual Europe** Charmian Kenner, Tina Hickey, 2008 What can educators in different countries learn from each other about successful multilingual initiatives By comparing experiences from diverse settings France Ireland Luxembourg the Netherlands Spain

Sweden and the UK the writers highlight ways of creating multilingual learning communities that promote language expertise intercultural understanding and educational achievement Multilingual Europe casts fresh light on how children and young people can develop their existing languages and learn new ones how identities are constructed in multicultural contexts how schools can link with families and communities how educators can devise innovative pedagogies for multilingual classrooms Collaboratively written by participants from the Multilingual Europe seminar series at Goldsmiths University of London the book shows how research policy and practice can work together for success This collection of international case studies will stimulate reflection for undergraduate and postgraduate students on education related courses students of language learning and teaching teacher educators researchers and policy makers The insights provided will interest language communities worldwide Contributors include Jean Conteh Christine Helot Aura Mor Sommerfeld and Dominique Portante
