## **Bedtime Show Baby:**

**Sleep** Beatrice Hollyer, Lucy Smith, 2012-03-12 Many believe it is a matter of luck as to whether you are blessed with a baby who sleeps well or are landed with one who doesn't. It isn't. Beatrice Hollyer and Lucy Smith provide clear, sensible, and effective advice on how to achieve peaceful, problem-free nights in Sleep from the first days of infancy throughout childhood. Taking a cue from the baby and working with their natural instinct, this book puts parents in charge. Avoiding conflict over sleep, this approach builds trust, communication, and confidence in your relationship with your baby. Instead of a one-size-fits-all approach, Hollyer and Smith offer guidelines that can be adapted for each particular parent and baby. By understanding her needs, reading and responding to her signals, and following her lead, you can strongly reinforce your baby's natural tendency to adapt to sleeping all night. Although focusing on establishing good sleep habits from the start of life, the principles put forward in this book can also be used to solve a sleep problem in a child of any age, usually in less than a week.

**Helping Your Child Sleep Through the Night** Joanne Cuthbertson, Susie Schevill, 1985 Offers advice to parents on how to promote good sleeping habits in children and solve the sleeping problems from infancy to five years old.
