20th Century Jewish Religious Thought Arthur A. Cohen, Paul Mendes-Flohr, 2010-01-01 JPS is proud to reissue Cohen and Mendes Flohr's classic work, perhaps the most important comprehensive anthology available on 20th century Jewish thought. This outstanding volume presents 140 concise yet authoritative essays by renowned Jewish figures: Eugene Borowitz, Emil Fackenheim, Blu Greenberg, Susannah Heschel, Jacob Neusner, Gershom Scholem, Adin Steinsaltz, and many others. They define and reflect upon such central ideas as charity, chosen people, death, family, love, myth, suffering, Torah, tradition, and more. With entries from Aesthetics to Zionism, this book provides striking insights into both the Jewish experience and the Judeo-Christian tradition.

Review of Contemporary Jewish Religious Thought Alfred Gottschalk, 1987

The Idea of Modern Jewish Culture Eliezer Schweid, 2008 The vast majority of intellectual, religious, and national developments in modern Judaism revolve around the central idea of Jewish culture. This book is the first synoptic view of these developments that organizes and relates them from this vantage point. The first Jewish modernization movements perceived culture as the defining trait of the outside, alien social environment to which Jewry had to adapt. To be cultured was to be modern European, as opposed to medieval ghetto Jewish. In short order, however, the Jewish religious legacy was redefined retrospectively as a historical culture with fateful consequences for the conception of Judaism as a humanly and not only divinely mandated regime. The conception of Judaism as culture took two main forms: an integrative, vernacular Jewish culture that developed in tandem with the integration of Jews into the various nations of western, central Europe and America; and a national Hebrew culture which, though open to the inputs of modern European society, sought to develop a revitalized Jewish national identity that ultimately found expression in the revival of the Jewish homeland and the State of Israel.

Choices in Modern Jewish Thought Eugene B. Borowitz, 1995 Jewish philosophy responds to the challenges of today's world. By studying the ideas of great contemporary thinkers, readers will achieve a rich understanding of our contemporary spiritual needs.

How Judaism Became a Religion Leora Batnitzky, 2011-09-11 A new approach to understanding Jewish thought since the eighteenth century. Is Judaism a religion, a culture, a nationality, or a mixture of all of these? In *How Judaism Became a Religion*, Leora Batnitzky boldly argues that this question more than any other has driven modern Jewish thought since the eighteenth century. This wide-ranging and lucid introduction tells the story of how Judaism came to be defined as a religion in the modern period and why Jewish thinkers have fought as well as championed this idea.

Ever since the Enlightenment Jewish thinkers have debated whether and how Judaism largely a religion of practice and public adherence to law can fit into a modern Protestant conception of religion as an individual and private matter of belief or faith Batnitzky makes the novel argument that it is this clash between the modern category of religion and Judaism that is responsible for much of the creative tension in modern Jewish thought Tracing how the idea of Jewish religion has been defended and resisted from the eighteenth century to today the book discusses many of the major Jewish thinkers of the past three centuries including Moses Mendelssohn Abraham Geiger Hermann Cohen Martin Buber Zvi Yehuda Kook Theodor Herzl and Mordecai Kaplan At the same time it tells the story of modern orthodoxy the German Jewish renaissance Jewish religion after the Holocaust the emergence of the Jewish individual the birth of Jewish nationalism and Jewish religion in America More than an introduction How Judaism Became a Religion presents a compelling new perspective on the history of modern Jewish thought

Currents and Trends in Contemporary Jewish Thought Benjamin Efron, 1965 **Judaism in Contemporary Thought** Agata Bielik-Robson, Adam Lipszyc, 2014-04-03 The central aim of this collection is to trace the presence of Jewish tradition in contemporary philosophy This presence is on the one hand undeniable manifesting itself in manifold allusions and influences on the other hand difficult to define rarely referring to openly revealed Judaic sources Following the recent tradition of Levinas and Derrida this book tentatively refers to this mode of presence in terms of traces of Judaism and the contributors grapple with the following questions What are these traces and how can we track them down Is there such a thing as Jewish difference that truly makes a difference in philosophy And if so how can we define it The additional working hypothesis accepted by some and challenged by other contributors is that Jewish thought draws explicitly or implicitly on three main concepts of Jewish theology creation revelation and redemption If this is the case then the specificity of the Jewish contribution to modern philosophy and the theoretical humanities should be found in sometimes open sometimes hidden fidelity to these three categories Offering a new understanding of the relationship between philosophy and theology this book is an important contribution to the fields of Theology Philosophy and Jewish Studies

Dorff, Louis E. Newman, 1999 *Contemporary Jewish Theology A Reader* presents the most comprehensive

collection to date of Jewish religious writings from the latter half of this century. Featuring selections from both pre and post World War II thinkers, this carefully constructed anthology highlights the enormous range of theological viewpoints and methods that have characterized Jewish theological reflection in modern times. An extraordinarily rich compilation, it represents many different perspectives, including those of Orthodox thinkers and feminists, Israelis and Americans, rationalists and mystics, and post-modernists. Extensive introductions place these writings in historical and philosophical context and identify the fundamental continuities and tensions among contemporary Jewish thinkers. Following a general introduction, the volume is organized into four parts. The first section includes representative selections from the major Jewish philosophers of the early twentieth century: Cohen, Rosenzweig, Buber, Kook, Kaplan, and Heschel. The second part includes recent essays on God, creation, revelation, redemption, covenant, chosenness, and law. The third section provides seminal essays on the Holocaust and the modern State of Israel, topics that have held tremendous importance for Jewish thinkers over the past few decades. The book concludes with a symposium on future directions in Jewish theology at the dawn of the twenty-first century and also provides extensive suggestions for further reading.

Contemporary Jewish Theology: A Reader is designed as a companion volume to the editors' earlier book, *Contemporary Jewish Ethics and Morality: A Reader* (OUP, 1995). An exceptional introduction to contemporary Jewish thinking, it is an essential text for courses in Jewish thought and theology.

Tradition vs. Traditionalism (Avi Sagi, 2008-01-01) This book is a first attempt to examine the thought of key contemporary Jewish thinkers on the meaning of tradition in the context of two models. The classic model assumes that tradition reflects lack of dynamism and reflectiveness and the present's unqualified submission to the past. This view, however, is an image that the modernist ethos has ascribed to the tradition so as to remove it from modern existence. In the alternative model, a living tradition emerges as open and dynamic, developing through an ongoing dialogue between present and past. The Jewish philosophers discussed in this work—Joseph B. Soloveitchik, Yeshayahu Leibowitz, David Hartman, and Eliezer Goldman—ascribe compelling canonical status to the tradition, and the analysis of their thought discloses the tension between these two models. The book carefully traces the course they have plotted along the various interpretations of tradition through their approach to Scripture and to Halakhah.

Particularism and Universalism in Modern Jewish Thought (Svante Lundgren, 2001) Explores how modern Judaism has balanced between universalism and particularism.
