Contemporary Poetry Series, Contemporary Poetry Series University of North Carolina Press, 1972* **University of Central Florida Contemporary Poetry Series**, 19?? **Readings in Contemporary Poetry** Vincent Katz, 2017-01-01 Culled from Dia Art Foundation's Readings in Contemporary Poetry series this anthology includes ninety four poets who have participated in the reading series from 2010 to 2016 Edited by poet and author Vincent Katz the book stresses the experimental aspects of contemporary poetic practice highlighting commonalities among poets and placing their diverse voices in conversation with one another **F.T.U. contemporary poetry series**, 1977 **Quarterly Review of Literature. Contemporary Poetry Series**, 1943 **Without a Witness** Stella Johnston, 2000 Stella Johnston's poems in *Without a Witness* invite the reader into widely different places from the nightmarish landscape of a morphine hallucination to the last few moments of a Gary Cooper western to the bedside of a dying Roman emperor in a field tent in Persia The acute perception whether one of pain joy grief remorse or relief figures in every poem's attempt to hold onto something essential At times moments of loss become almost indistinguishable from moments of enlightenment even terrible cruelty turns into the ironic counterpart to knowledge by which something after all is gained For Johnston language provides the means to pursue relentlessly that singular detail or sequence of images or events that may reveal in the contexts provided by experience the luminous underside of human perception Whether meditating along the lines of complete global catastrophe as prophesied in Aztec symbology or reflecting on a terminally ill man's visit to a live sex show in Paris or responding to a little girl's morbid grief about a doll lost in a backyard fire each poem is finally an affirmation of the will to embrace life no matter what no matter how *The University of Central Florida Contemporary Poetry Series*, 1979 Civilian Histories Lee Upton, 2000 Upton's poems about dreams transform the often mundane quality of life in an overly materialistic America into something imaginative and spiritual Andy Brumer *The New York Times Book Review* **Contemporary Poetry, Volume 1** Jeff Soloway, 2019-02-01 *Contemporary Poetry Volume 1* is a collection of scholarly essays and recent reviews of the best of contemporary poetry The book reviews and essays include *Musings History Memory Myth* On Gregory Djanikian Eavan Boland Charles Wright and Henri Cole by Jay Rogoff *About Terrance Hayes A Profile* by Robert N Casper Frank Bidart's *Inauguration Day* by Steven Gould Axelrod *To a Green Thought* Garth Greenwell on *Poetry Varieties of Wildness* on Stephanie Pippin Greg Wrenn and Natalie Diaz by Garth Greenwell *Repetition as Voyage and Transfiguration* On *Recent Work* by Ben Lerner Kristy Bowen and Elizabeth J Colen by Kristina Marie Darling **Dark Would** Liz Waldner, 2002 The author explores the idea of self in the twenty first century venturing into Dante's dark wood in search of the truth about rootlessness and identity Winner of the Contemporary Poetry Series Competition Original Dare Say Tod Marshall, 2002 Three long poems illuminate broken and violated things using Bach Kandinsky and Botticelli as raw material for poetic musing Winner of the Contemporary Poetry Series Competition Poetry Saunter Joshua McKinney, 2002 Joshua McKinney

s debut collection of poetry Saunter shows immense devotion to and passion for language in all its aspects He intensely attends to words and delights in the play of accidental connections and complications Such amusement and playfulness with oppositions is evidenced in lines like an opening a cello scales some stairs Risen a thought falls McKinney s awareness of the complex resonance of literary history and current issues of language comes through in his dedication to making the appearance of language not just its sound or its relative meaning an integral aspect of his poems Meanwhile the subject matter is often surprisingly mythic and mysterious championing absolute freedom and wildness His intricate verse is sincere in its observations while turning inward on itself sauntering in designed indirection The Reservoir Donna Stonecipher,2002 The poet blends narrative and lyrical forms to explore the line between the artificial and real in our society using the reservoir as a metaphor for this mystery Winner of the Contemporary Poetry Series Competition Poetry **The Book of Moments** Laynie Browne,2018-04 Browne s Book of Moments strongly recalls her previous Lost Parkour Ps alms 2014 while taking a step toward bringing us closer to what we are We are creatures of prayers Prayers define us Prayers stand at the root of poetry **Contemporary Poetry** Mary Owings Miller,1957 **Drowned Lands** Paul Kane,2000 Advancing from his first volume The Farther Shore which explored instances of discovery and rites of passage Paul Kane s new collection of poems Drowned Lands describes a world flooded with memory and apprehension This is poetry drawn from the everyday even as it seeks the high ground of inspiration and eloquence The result is a book of diverse forms and various subjects there are meditative lyrics as in Time Was lively encounters An Old Flame in Savonarola s Cell poignant narratives In the Penal Colony satiric verses After Martial and visionary utterances The Repentant Magdalen At times a historical imagination is at work taking us back to Coptic Egypt Renaissance Italy or colonial America Kane s poems range widely from European cities to the Australian bush from metropolitan New York to the deserts of the American Southwest But whatever their locale these poems distill experience into crucial moments of knowing when we come alive to the facts of our existence as revealed in the alterations between solitude and love grief and joy incapacity and insight Kane takes his title from the corner of southern New York where he lives Originally inundated this area known as the Drowned Lands was drained by early settlers and turned into rich black dirt farms Analogously Kane reclaims what is often submerged in our lives and gives us poems that are rich in image and sound and fertile in their exfoliating implications Dwelling Song Sally Keith,2004 As a hummingbird beats its wings so that it might be still to feed on a flower the poet concludes The equation keeps balancing out and I m drawn to how it does not settle Aware of the difficulty of loving the world while feeding upon it the poems of Dwelling Song hope vision is levity as they press language to make sight and song This writing is a form of mimicry yet an act of dangerous flight Whether from the voice of a hunter shepherd farmer or bugle blowing boy on a city street the song recognizes that moving forward necessitates turning one s back Passenger Susan Maxwell,2005 The poems in Passenger shift between the mythology of the Middle East and the bombed out cities of the former Yugoslavia the ancient Roman tale of

Romulus and Remus the choreography of murder and the hawking of grisly war memorabilia on destroyed city streets Influenced by Susan Maxwell s experiences as a relief worker in a Croatian refugee camp at the height of the Bosnian War in the 1990s these poems document a nameless mythological war that has collapsed the boundaries between contemporary and ancient history and between personal memory and folklore The poems tender voices wake to find themselves fused to objects or to the dead and begin to speak those first precarious childlike and prophetic words that will allow them to reestablish contact with the outside world a world that has become one sentence long repeating so the last chain could sing while it murdered the first
