## **Contemporary Political Ideology A Comparative Analysis:**

**Contemporary Political Ideologies** Lyman Tower Sargent, 1978-01-01 [Contemporary Political Ideologies](#) Lyman Tower Sargent, 1990 Sargent's book provides students with original statements by believers in an ideology then gives interpretive analyses by acclaimed scholars **Contemporary Political Ideologies. A Comparative Analysis ... Revised Edition** Lyman Tower SARGENT, 1972 **Contemporary Political Ideologies** Lyman Tower Sargent, 1969

**Contemporary Political Ideologies** Lyman Tower Sargent, 1990 Since 1969 this book has been praised for its breadth of coverage and clarity It goes beyond the usual bland ahistorical and static mass of information to present arguments positions and counterpositions This edition includes coverage of events in China and the USSR liberation theology environmentalism and the fourth world **Political Ideologies** Mostafa Rejai, 1994-12-02 Designed for classroom use this book develops a framework for the comparative analysis of political ideologies and examines the most prominent political ideologies of modern time This revised edition has been enlarged to include feminism and environmentalism [The Darkest Sides of Politics, I](#) Jeffrey M. Bale, 2017-09-04 This book examines a wide array of phenomena that arguably constitute the most noxious extreme terrifying murderous secretive authoritarian and or anti democratic aspects of national and international politics Scholars should not ignore these dark sides of politics however unpleasant they may be since they influence the world in a multitude of harmful ways The first volume in this two volume collection focuses on the history of underground neo fascist networks in the post World War II era neo fascist paramilitary and terrorist groups operating in Europe and Latin America in the 1960s and 1970s and the manipulation of those and other terrorist organizations by the security forces of various states both authoritarian and democratic A range of global case studies are included all of which focus on the lesser known activities of certain secular extremist milieus This collection should prove to be essential reading for students and researchers interested in understanding seemingly arcane but nonetheless important dimensions of recent historical and contemporary politics [Understanding Dogmas and Dreams](#) Nancy S. Love, 2006-02-09 Nancy Love's concise yet complete volume aims to inform students of their choices among political values By exploring the assumptions of various ideologies and comparing their positions students begin to understand political alternatives to be able to choose among them in essence they learn to think democratically Offering historical and analytic context for the selections in her companion reader Dogmas and Dreams Love challenges students to consider the various ways ideological frameworks shape political actions Reframing her approach in this second edition Love examines how traditional left right ideologies liberalism and conservatism socialism and fascism are shifting to adapt to new political realities in an ever turbulent post 9 11 world She also discusses why alternative ideologies feminism environmentalism fundamentalism and globalization may better convey our global political future While pushing the boundaries of the left right political spectrum she looks at how grassroots social movements offer alternative ways to view ideological differences from cluster concepts to micro discourses and even a

planetary galaxy Expanded coverage includes a new chapter on nationalism and globalization which examines the work of Samuel Huntington Kenichi Ohmae Benjamin Barber and many more to explore fundamentalism in Islamic politics increased coverage of global environmental politics including Shiva's Stolen Harvest and Kelly's Thinking Green examining the relationships between developed and developing countries fresh material on socialist politics post 1989 and the rise of neo fascist movements in the United States and Europe including analysis of Hayden and Flacks The Port Huron Statement at 40 and Bob Moser's The Age of Rage an updated feminism chapter that considers the impact of third wave post colonial and so called power feminists and incorporates new analysis of Wollstonecraft's A Vindication of the Rights of Woman and Mohanty's Under Western Eyes Revisited

**Modern Political Ideologies** Andrew Vincent, 2023-12-26 MODERN POLITICAL IDEOLOGIES Modern Political Ideologies provides a broad overview of the origins development and core principles of the major political ideologies of the past two centuries With an accessible student friendly format this bestselling textbook helps students understand the values beliefs and social forces that shape today's political messaging public discourse and legislative agendas Concise and approachable chapters describe ideologies such as liberalism conservatism socialism fascism fundamentalism and nationalism Retaining the student friendly format of previous editions the fourth edition of Modern Political Ideologies is fully revised to reflect the social changes that inform today's political views An entirely new chapter offers insights into the growth of populism and its effects on contemporary political dialogue while expanded material addresses anarchism feminism neoliberalism environmentalism and green ideologies identity politics and other topics of current relevance Containing a useful glossary of key terms and extensive end notes for each chapter Modern Political Ideologies Fourth Edition is the ideal textbook for advanced undergraduate courses in political science political ideology political theory comparative politics and international relations It is also an excellent supplement for courses in the social sciences and humanities that investigate the history of political ideas

*Dogmas and Dreams: A Reader In Modern Political Ideologies, 3rd Edition* Nancy S Love, 2006 Ideologies legitimize politics outline basic values socialize individuals facilitate communication and mobilize people in short their study makes for a great entry into the study of political theory and the discipline of political science A source both of stability and instability concord and conflict the ideologies explored in this anthology show the dynamics of politics through the study of ideas With 18 of 49 selections new to this edition Dogmas and Dreams signals a renewed emphasis on political ideologies showing how public discourse for better or for worse reflects the complexity and chaos of an increasingly global world With Nancy Love's concise and insightful introductions original selections by influential thinkers challenge students to question their political convictions and thus discover and explore their own political beliefs

**Democracy, Federalism, the European Revolution, and Global Governance** Andrea Bosco, 2020-06-10 The European Union is facing today the greatest crisis since its creation Brexit could mean not only the reversal of its steady enlargement from 6 to 28 member states but also the beginning of an inexorable decline leading to its

disintegration However few today seem to recollect that it was precisely the British who were the first to promulgate the political culture which inspired the European Union's construction democracy and federalism and the first who tried to realise in June 1940 a European federation on the basis of an Anglo French union This volume traces the fundamental stages of the European unification process placing it in relation to the wider process of world economic and political integration In particular it analyses the historical significance of the European Revolution which is identified in the overcoming of the nation state namely the modern political formula which institutionalised the political division of mankind and the birth of the first truly international state The universal historical significance of the European Revolution lies in its exportability as for the other great European revolutions and therefore its potential as progressively extensible to all the states of the planet Europe was indeed the first region of the world where the barriers between national states fell and a post national political identity emerged complementary to national political identities It is in fact in the context of the European Union that democracy beyond the borders of the nation state has first been realized constituting a guiding principle for global governance

**Chinese Ideology** Shiping Hua,2021-08-16 This book traces ideological trends in China through a range of historical and comparative perspectives spanning the ancient belief systems of Confucianism Legalism and Taoism to political ideologies of the present day Chapters in this edited volume are divided into four parts traditional Chinese ideology ideology of the Republic Maoism as an ideology and post Mao ideology zoning in on specific historical periods from the Qing and Republic periods to the reform era as well as the period after the founding of the PRC through which Mao Zedong's political thought is notably discussed from the perspective of epistemology and the global impact of Maoism Key topics include Sun Yat sen as the Father of the Republic Li Dazhao the early Marxist theoretician Chiang Kai shek and his nationalist Fascism Liang Qichao's emotional appeals through liberal political discourse Jiang Zemin's theory of Three Represents de emphasising the Marxist concept of class Hu Jintao's theory of Harmonious Society and Xi Jinping's political thought Contributions from world leading scholars take both comparative and critical approaches examining not only how studies of ideology are relevant but how Chinese ideologies have retained their own characteristics distinct to the West As the first comprehensive study of this subject in the English language Chinese Ideology will appeal to students and scholars of philosophy political science history and Asian studies more broadly

*Consciousness and the Neoliberal Subject* Jon Bailes,2020-04-08 Consciousness and the Neoliberal Subject outlines a theory of ideological function and a range of ideological positions according to which individuals rationalise and accept socio economic conditions in advanced consumer capitalist societies Through a critical examination of the social and psychoanalytic theories of Herbert Marcuse Fredric Jameson and Slavoj i ek the author extends the understanding of ideology to consider not only the unconscious attachment to social relations but also the importance of conscious rationalisation in sustaining ideologies In this way the book defines different ideologies today in terms of the manner in which they conditionally internalise a dominant neoliberal rationality and

considers the possibility that entrenched social norms may be challenged directly through conscious engagement It will appeal to scholars of social and political theory with interests in ideology neoliberalism psychoanalytic thought and critical theory *Ideological Fixation* Azar Gat,2022-10-04 Combining insights from evolutionary psychology with a broad sweep through history down to the ideological civil war ripping the United States apart the book explores the deeper roots of people s inability to accept claims about reality which come from the opposite ideological camp no matter how valid they might be After theorists around 1960 proclaimed the death of ideology ideological divides and clashes have reemerged with renewed intensity throughout the world In the United States they have become particularly venomous Each side in America s escalating ideological civil war charges the other with concocting fake news and alternative facts The other side is widely viewed as malicious irrational or downright stupid and often as barely legitimate People are deaf to claims about reality that come from the opposite camp no matter how valid they might be The zeal of the opposing sides is often scarcely less than that which characterized the religious ideologies of old Indeed historical religious ideologies have largely been replaced by secular religions or religion substitutes Ideology consists of normative prescriptions regarding how society should be shaped together with an interpretive roadmap indicating how this normative vision can be implemented in reality Ideological Fixation is the result of tensions and conflicts between these two elements The book focuses on ideologies factual claims about the world typically subordinate to and often distorted by their normative commitment In exploring this phenomenon the book combines insights from evolutionary psychology regarding the nature of some of our deepest proclivities with a broad sweep through history and around the world It proceeds from the Stone Age to the rise of civilization the great religions and modernity to a critique of fundamental factual premises that underlie some of the major debates dominating today s liberal democracies not least the United States **Contemporary Political Ideologies** Roy C. Macridis,1989

**Political Ideologies** Leon P. Baradat,1991 In this new edition Baradat expands the chapter on anarchism increases coverage of Marxism and socialism evaluates the recent revolutionary changes in the Soviet Union Eastern Europe and China and their relationship to Marxist Leninism and explores contemporary fascism **Contemporary Political Ideologies** ,2022 British Journal of Political Science ,1971 **Papers Presented at the I.P.S.A. World Congress** International Political Science Association,1973 Fact and Fallacy in American Politics Roland F. Moy,1973
