## **Context Of Human Discourse A Configurational Criticism Of Rhetoric:**

*The Context of Human Discourse* Eugene Edmond White, 1992 Offers a way of looking at rhetoric that is more comprehensive more realistic more rewarding than current views *Landmark Essays on American Public Address* Martin J. Medhurst, 2020-08-26 This volume traces the historical evolution of American academic thought concerning public address what it is how it ought to be studied and what can be learned by engaging rhetorical texts in an analytical fashion To begin one must distinguish among three separate but interrelated uses of the term public address as practice theory and criticism The essays in this volume represent landmarks in the literal sense of that term they are marks on the intellectual landscape that indicate where scholars and ideas have passed and in that passing left a mark for future generations It is appropriate to revisit the landmarks that have set public address off as a field of study and it allows readers to remember the struggles that have led to the current situation Most of the authors of the following chapters are deceased but their ideas live on transformed adapted modified rejected and reborn The scholarly dialectic continues What constitutes a study in public address how best to approach rhetorical texts which analytical tools are required for the job how best to balance text with context and what role ought theory to play in the conduct or outcome of critical inquiry these questions live on To answer them at all is to engender debate and that is how it should be if the intellectual vitality of public address is to be maintained The papers are a prolegomenon to such studies for they mark where scholars have been and point the way to where they still must go *A Ricoeurian Analysis of Identity Formation in Philippians* Scott Ying Lam Yip, 2023-06-01 Winner of the Outstanding Theological Research Book Award 2024 Scott Ying Lam Yip presents the first specialized narrative study devoted to the identity formation processes in Philippians based on Paul Ricoeur's narrative theory Yip demonstrates that the Christian identity of the Philippian community is shaped amidst competing narratives with divergent comprehensions and suggests that it is within an intra Jewish contestation of testimonies that Paul updates his understanding of God and contends with a group of Jewish Christian leaders regarding the meaning of his suffering Yip argues that Paul faces a double contestation of narrative in which both the political authorities and a group of Jewish Christian leaders see his imprisonment as futile and unnecessary alerting him to an emerging crisis in which the Philippian community's conviction in suffering with him has begun to decline It is thus essential for Paul to synthesise and install a new paradigmatic story of Christ so that his suffering can be discerned as the defining mark of God's renewed manifestation in an era of Christ's eschatological Lordship Yip explores the means by which Paul in a contestation of authority for the re appropriation of God's past work contrasts the future oriented temporality of his testimony with the past oriented one of the Jewish Christian leaders He concludes that Paul affirms the value of his present suffering in truthfulness and installs his testimony to be the exemplary story for the Philippian community **Arguing With Scripture** Christopher D. Stanley, 2004-05-10 Drawing on recent discussions of quotations in the fields of rhetorics linguistics and literary studies Stanley argues that Paul's explicit appeals to Jewish

Scriptures must be analyzed as rhetorical devices that seek to influence the thoughts feelings and actions of a first century audience an approach that requires a different set of questions and methods than scholars have typically used in their studies of Paul s quotations Key questions include why Paul quoted words of Scripture to support some of his arguments and not others how quotations help to advance the developing arguments of Paul s letters and how a mostly illiterate first century audience from a variety of backgrounds might have viewed these sudden intrusions of material from a Jewish religious text Answering these questions requires paying careful attention to the affective and poetic dimensions as well as the intellectual aspects of the original audience s encounter with the Holy Scriptures of Israel Christopher Stanley is Professor of Theology at St Bonaventure University He is the author of *Paul and the Language of Scripture* as well as numerous articles on the social literary and rhetorical context of Paul s letters

*Linguistic Descriptions of the Greek New Testament* Stanley E. Porter,2023-08-10 Stanley E Porter provides descriptions of various important topics in Greek linguistics from a Systemic Functional Linguistics SFL perspective an approach that has been foundational to Porter s long and influential career in the field of New Testament Greek Deep insights into Porter s understanding of SFL are displayed throughout based either upon how he positions SFL in relation to other linguistic models or how he utilizes it to describe topics within Greek and New Testament studies Porter reflects on his core approach to the Greek New Testament by exploring subjects such as metaphor rhetoric cognition orality and textuality as well as studies on linguistic schools of thought and traditional grammar

**She Must and Shall Go Free** Matthew S. Harmon,2010-08-31 Scholars have long recognized the importance of Paul s citations from the Pentateuch for understanding the argument of Galatians But what has not been fully appreciated is the key role that Isaiah plays in shaping what Paul says and how he says it even though he cites Isaiah explicitly only once Isaiah 54 1 in Galatians 4 27 Using an intertextual approach to trace more subtle appropriations of Scripture i e allusions echoes and thematic parallels Harmon argues that Isaiah 49 54 in particular has shaped the structure of Paul s argument and the content of his theological reflection in Galatians Each example of Isaianic influence is situated within its original context as well as its new context in Galatians Attention is also paid to how those same Isaianic texts were interpreted in Second Temple Judaism providing the larger interpretive context within which Paul read Scripture The result is fresh light shed on Paul s self understanding as an apostle to the Gentiles the content of his gospel message his reading of the Abraham story and the larger structure of Galatians

**Reading Rhetorical Texts** James Robertson Andrews,Michael C. Leff,Robert Terrill,1997 This book is designed to orient the beginning student to the nature and function of rhetorical criticism to acquaint the student with those elements in the rhetorical situation that warrant serious attention and to teach the student a useful strategy with which to begin to practice criticism The focus of this book is clearly on public speeches Along with mastering basic concepts the beginning critic will also be given the opportunity to begin grappling with fundamental and enduring critical issues The authors have included in this book texts and examples of how critics have studied those texts

They also offer two historical texts along with their own critical readings of those texts The book then presents two texts and illustrations of the various critical responses to these texts The first text is Richard Nixon s Address on the Vietnam War and the second is Jesse Jackson s Common Ground and Common Sense Finally several examples of critical readings by rhetorical scholars illustrate different ways to approach texts Pref CCCC Bibliography of Composition and Rhetoric 1992 Gail E. Hawisher, Cynthia L. Selfe, 1994-04 The CCCC Bibliography of Composition and Rhetoric published for the Conference on College Composition and Communication offers teachers and researchers an annual classified listing of scholarship on written English and its teaching at the college level The 1992 volume lists and annotates 1 656 articles books dissertations and papers that with few exceptions were published during the 1992 calendar year A group of 149 contributing bibliographers prepared the citations and annotations for the entries appearing in this volume The CCCC Bibliography includes an index of authors and editors a subject index and entries cross referenced according to subject matter Considerably more comprehensive than other bibliographies in composition studies the CCCC Bibliography of Composition and Rhetoric draws upon a large group of experts in the field to aid teachers and researchers in sorting through a vast body of interdisciplinary material making their work easier and more effective Further the range of texts represented in the CCCC Bibliography has been expanded to include a greater number of entries dealing with feminism critical theory technology and cultural studies as they relate to composition and rhetoric Each document is cited and annotated only once under one of the five major sections of the CCCC Bibliography Each entry however receives an entry number so that cross references to other sections are possible This feature is especially useful because much scholarship in composition and rhetoric is interdisciplinary in nature Cross references appear as a listing of entry numbers preceded by See also found at the ends of subsections Entries appear under five major categories bibliographies and checklists theory and research teacher education administration and social roles curriculum and testing measurement and evaluation Although the CCCC Bibliography excludes master s theses textbooks computer software and book reviews from its coverage it furnishes citations to review essays articles appearing in some 228 journals scholarly monographs and essay collections dissertations abstracted in Dissertation Abstracts International and selected documents and conference materials available through ERIC **The QUARTERLY JOURNAL of SPEECH** , 1994 *The Modern Presidency & Civil Rights* Garth E. Pauley, 2001 Every president since Franklin Roosevelt has confronted civil rights issues during his tenure in the White House and most have faced intense demands to speak publicly about the nation s racial problems and possible solutions Indeed modern American presidents have become a major focal point for the civil rights struggle In *The Modern Presidency and Civil Rights* Garth E Pauley examines modern presidents communicative and symbolic involvement in these matters focusing on four crucial speeches the circumstances surrounding them and their effect on public attitudes and policy Pauley s perspective is both historical and critical It explores the pattern of presidential discourse on race in the modern era and considers the promise and limitations

of presidential talk with regard to civil rights The four significant episodes of American presidential speech Pauley examines are Harry Truman s address of June 29 1947 to the NAACP Dwight Eisenhower s national address on September 24 1957 following the integration crisis at Little Rock John F Kennedy s speech on June 11 1963 labeling civil rights as primarily a moral issue and Lyndon Johnson s voting rights message of March 15 1965 Historical background is provided by a discussion of Roosevelt s racial stance Pauley s analysis is guided by several assumptions about the presidency civil rights and rhetoric beginning with the assumption that presidential rhetoric matters Pauley examines the role of rhetoric in leadership policy making and the political meanings and interpretations that form the political culture Following in the tradition of his discipline Pauley gives both close analysis of the speech text itself and consideration of the historical situation surrounding the speech

**LBJ's American Promise** Garth E. Pauley,2007 Though Lyndon Johnson developed a reputation as a rough hewn arm twisting deal maker with a drawl at a crucial moment in history he delivered an address to Congress that moved Martin Luther King Jr to tears and earned praise from the media as the best presidential speech in American history Even today his voting rights address of 1965 ranks high not only in political significance but also as an example of leadership through oratory Garth E Pauley carefully analyzes both the content and the context of this historic speech He begins with an analysis of the less than linear path of voting rights in the United States and highlights the failures and limited successes of previous legislation Many commentators have seen Johnson s voting rights speech as a response to the escalating protests in Selma and Pauley explores that connection Did Johnson wait too long to address the issue Would he have championed voting rights without the protests Pauley traces the development of the speech and the policy with these questions in mind He situates the speech not only within its immediate context but also within Johnson s ideology and value system tracing the influences on Johnson s racial attitudes and describing the complex of policies he developed to address issues of inequality Having set the stage for the address Pauley then carefully analyzes the text itself He charts the authorship of the speech through several drafts by aides traces the purposefulness of the allusions and recounts the extemporizing Johnson introduced when he actually delivered the address He notes the idealistic even mythic dimensions of the speech which contrast with its plainspoken style Finally Pauley gauges the effectiveness of the speech He reports the response to the address in the media among civil rights leaders and in the general population Pauley concludes with some reservations about the effectiveness not only of this address but also of the Johnson program for racial justice Nonetheless he believes that Lyndon Johnson s We Shall Overcome speech remains a remarkable achievement combining principle with rhetorical leadership
