Continental Order Integrating North America For Cybercapitalism:

Continental Order? Vincent Mosco, Dan Schiller, 2001 Eleven contributions from North American scholars discuss cybercapitalism and the transnationalization of the capitalist political economy They assess the extent of continental integration throughout the culture media telecommunications and information industries since the 1989 Canada U S Free Trade Agreement CUSFTA and the 1993 North American Free Trade Agreement NAFTA A sampling of topics includes networking the North American higher education industry the print media in Canada and Mexico and the North American entertainment economy c Book News Inc

Who Owns the World's Media? Eli M. Noam, 2016 Who Owns the World's Media moves beyond the rhetoric of free media and free markets to provide a dispassionate and data driven analysis of global media ownership trends and their drivers Based on an extensive data collection effort from scholars around the world the book covers 13 media industries including television newspapers book publishing film search engines ISPs wireless telecommunication and others across a 10 25 year period in 30 countries

Continental Order? Vincent Mosco, Dan Schiller, 2001 Continental Order examines the converging culture telecommunications and new media industries in North America asking who has power in regional and global media Experts from the United States Mexico and Canada address specific sectors and problems newspapers and magazines video and film telecommunications and new media sport and leisure marketing and education With a broadly political economic perspective this book provides a critical account of changes occurring in the aftermath of regional and international trade agreements such as NAFTA and sets these changes in the global context of an emerging transnational communication industry Visit our website for sample chapters

Hybridity, OR the Cultural Logic of Globalization Kraidy, 2007-09 *The Media of Diaspora* Karim H. Karim, 2003-08-29 The Media of Diaspora examines how diasporic communities have used new communications media to maintain and develop community ties on a local and transnational level This collection of essays from a wide range of different diasporic contexts is a unique contribution to the field

The Political Economy of Media Robert W. McChesney, 2008-05 The influence of media on society is unquestioned Its reach penetrates nearly every corner of the world and every aspect of life But it has also been a contested realm embodying class politics and the interests of monopoly capital In The Political Economy of Media one of the foremost media critics of our time Robert W McChesney provides a comprehensive analysis of the economic and political powers that are being mobilized to consolidate private control of media with increasing profit all at the expense of democracy In this elegant and lucid collection McChesney examines the monopolistic competition that has created a global media that is ever more concentrated and centralized McChesney reveals why questions about the ownership of commercial U S media remain off limits within the political culture how private ownership of media leads to the degradation of journalism and suppression of genuine debate and why corporate rule threatens democracy by failing to provide the means for an educated and informed citizenry The Political Economy of Media also highlights resistance to corporate media over the last century

including the battle between broadcasters and the public in the 1920s and 1930s and the ongoing media reform movement today The Political Economy of Media makes it clear that the struggle over the ownership and the role of media is of utmost importance to everyone

The Media of Diaspora Karim Haiderali Karim,2003 The Media of Diaspora examines how diasporic communities have used new communications media to maintain and develop community ties on a local and transnational level This collection of essays from a wide range of different diasporic contexts is a unique contribution to the field

Marxism and Communication Studies Lee Artz, Steve Macek, Dana L. Cloud,2006 There is a timely and urgent need for a reasoned dialogue reassessing how Marxism can advance the study of human communication and transform the social world in which it is embedded Indeed ongoing world historical events including the vigorously organized market globalization the corresponding insurgent global anticorporate movement and the conflicts engendered by the U S invasion of Iraq have underscored the importance of a thorough critique of global capitalism and its telecommunication technologies and practices This important new collection featuring essays by leading scholars and practitioners provides a much needed overview and assessment of Marxism s significance to contemporary thinking in communication and media studies

Contributors demonstrate how a Marxist perspective can be usefully applied to specific case studies in communication providing valuable insights and understandings that are not obtainable using other approaches

Newsworkers Unite Catherine McKercher,2002-08-15 Over the last forty years new technology and rapid concentration of ownership have caused fundamental changes in North American newspapers Newsworkers unions have struggled to protect their members and to reinvent themselves to keep up with the relentless pace of change in the workplace and recent strikes such as that of Seattle newspaper workers highlight the ongoing challenges This engaging and accessible book focuses on how the Newspaper Guild the main union for reporters and editors adopted a strategy of labor convergence joining with other media workers in the large and diverse Communications Workers of America union McKercher also looks at the nationalism of Canadian newsworkers who instead joined an all Canadian union similar to CWA and explores a case study on an extreme form of labor convergence in Vancouver She concludes that while labor convergence is a work in progress it is a promising development for newsworkers and their unions helping them adjust to change and perhaps expand into new areas of the communication sector

International Communication Daya Kishan Thussu,2006-07-28 This bestselling text is a unique introduction to the complex political economic and technological context in which multinational media and culture operates With new case studies and pedagogical features the book is compulsory reading for all media and communication studies students

Sport and Corporate Nationalisms Michael L. Silk, David L. Andrews, C. L. Cole,2004-12-01 The world of sport is saturated with the signs and images of transnational corporations But what effect does the relationship between sport and transnational corporate capitalism have on national cultural identities From baseball in Japan to the growth of womens soccer in the US from the corporate use of sport after September 11th to the FA Cup and the NBA sporting events and their corporate

partners can have a profound impact on collective imaginations at both transnational and local levels Sport and Corporate Nationalisms explores the localized logics and practices underlying the marketing initiatives of major conglomerates and their increasing influence on the shaping and experiencing of national cultures Corporations depend on sport as a vital marketing vehicle for inserting their interests into the lives of local consumers This book puts forth convincing arguments that relate the role of sport marketing complexes to national cultural markets in a global age Sport and Corporate Nationalisms provides a much needed analysis of the growing evolution of marketing strategies in the world of sport

Principles of Publicity and Press Freedom Slavko Splichal,2002 This insightful book examines how the original concept of publicity has been reduced to mean the right of media to access and print information Visit our website for sample chapters

Culture's Exemption from Free Trade John Kim,2008 Javnost ,2008 The Global and the National Terhi Rantanen,2002-05-14 This original book explores the development of post Soviet media and communications in Russia a newly globalized environment following radical social change Unique empirical research on new communications technologies news agencies television and advertising in Russia shows how the experience and effects of globalization which initially played a liberating role in the downfall of communism are being transformed by the reassertion of the national The Global and the National challenges conventional assumptions about globalization and contributes to a better understanding of its theoretical base as well as its effects on non Western countries **The Journal of International Communication**

,2003 Who Owns the Media Pradip Thomas,Zaharom Nain,2004 Publisher Description **Global Communications** Paula Chakravartty,Yuezhi Zhao,2008 This provocative book takes a new approach toward understanding the uneven flows of global communications Rather than guiding its discussion by geography types of media or traditional separations of power and resistance Global Communications examines political economic power and communication in relation to historically specific encounters with modernity It underscores lived experiences in its approach to globalization showing that the state and the market can both be sites of empowerment just as civil society might also be a site of repression Taking a political economic analysis of communication and culture this dynamic group of international authors looks beyond developments in the North American information and culture industries to map new forms of citizenship and exclusion The chapters spotlight China Ghana India Japan Palestine Russia Singapore and Venezuela and foreground the transnational formations of the European Union the pan Arab and Spanish speaking markets and civil society actors in sub Saharan African the Middle East and North America Theoretically driven and empirically grounded Global Communications defines communication broadly to include production circulation and consumption and addresses urgent questions about the inequalities of globalization and the possibilities of hybrid cultural forms and practices *Visual Hegemonies* Peter Ludes,2005 The books in this series reconstruct and explain the shifting balances the complementarity and contradictions between the potentials of improved intercultural and transcultural visual communication and its strategic exploitation through visual hegemonies The series will

also enhance the cooperation of the computer sciences humanities and social sciences and the development of software for modeling key visuals from various genres media and cultural zones This first volume Visual Hegemonies An Outline exemplifies this international research endeavor in a general trans disciplinary outline as well as case studies from the perspectives of musicology psychology and the social sciences

Internationalisation and Trade in Higher Education
Centre for Educational Research and Innovation,2004-09-21

The last decade has witnessed new forms of cross border post secondary education These forms not only include international student mobility but also the mobility of educational programs and institutions across borders This book provides a comprehensive account of these activities at the global level by bringing together up to date statistics case studies and policy reports It analyses major trends and developments in cross border post secondary education in North America Europe and the Asia Pacific region It identifies the rationales of stakeholders and the major approaches to cross border education It then focuses on the main challenges that the rapid growth in cross border education presents for policies both at the national and international levels
