Continuing Professional Development Andrew L. Friedman,2013-03-01 Continuing Professional Development CPD is the means by which the professions across the world ensure that their knowledge and skills remain up to date and relevant to changing needs and environments CPD significantly contributes to the quality and reputation of the professions and therefore to the quality of national and international social life and economic well being Starting with a discussion on what CPD is the author analyzes how professional bodies govern CPD what support they provide to individual professionals and how they measure or evaluate what individuals do under the provenance of CPD Continuing Professional Development explains why up to now CPD has been a relatively neglected subject in spite of it being carried out by millions It argues whether a variety of perspectives or visions of CPD has held back wider public appreciation of it and if greater co ordination by professional bodies or the introduction of new players to the field will change this in the future Providing the first comprehensive study of the subject this innovative book will be required reading for CPD professionals and researchers and is a fascinating read for all professionals especially those involved with human resource development and management leadership development

Continuing Professional Education in Australia Barrie Brennan,2016-09-01 This book offers a history of Continuing Professional Development CPD in the Australian context It presents an approach that links the development of CPD to a series of missed opportunities and the identification of three key themes mandatory CPD competencies and regulation registration as well as with national regulation for select health professions It not only relates the evolution of CPD in Australia but also serves as a guide to examining the situation in other countries and the emergence of CPD in individual professions CPD has been provided for many decades but it has not been rated as a high priority or a key area of provision and has not been the focus of discussions or disputes in the higher education sector or in vocational education circles Nevertheless in describing CPD s development evidence is presented that CPD has made a significant contribution to the broad field of vocational education
