DeVitis, 2014 *Today's College Students A Reader* looks at a wide variety of student groups and identities which sets it apart from other texts on contemporary college students that do not cover such a broad spectrum *Contemporary Colleges and Universities* Joseph L. DeVitis, 2013 Presenting multiple perspectives on a wide array of crucial issues this book features realistic representations of students faculty curriculum administration and the socio cultural conditions that shape higher education The incisive essays are written by practitioners on the front lines of the academy's battle to validate and sustain its core principles in a complex rapidly evolving world **Improving Reading Skills** Deanne Milan Spears, 2004

Contemporary College Reader J. R. Shelton, 1978-06 A Reader's Guide to Contemporary Literature William Swan Sonnenschein, 1895 *Readers' Guide to Periodical Literature*, 1922 **On Education, Formation, Citizenship and the Lost Purpose of Learning** Joseph Clair, 2017-11-30 *Reading Augustine* presents concise personal readings of St Augustine of Hippo from leading philosophers and religion scholars The looming crisis in higher education appears to be a matter of soaring costs and crushing student debt but the problem is actually much deeper It is a crisis of soul a question of the very purpose of learning and the type of people that our educational system produces Today in the age of academic hyper specialization and professional knowledge the moral and spiritual purposes of learning have been eclipsed by a shallow view of career and success *On Education Formation Citizenship and the Lost Purpose of Learning* turns to the influential figure Augustine of Hippo to explore how he saved the liberal arts at the end of the Roman Empire and how his inspiring vision can do the same for higher education today It offers a roadmap for reviving the soul of education presenting concrete ways that the intellectual practices and economic enterprise of learning can lead once more to a fulfilled life of knowing God and loving others Reading St. Luke's Text and Theology: Pentecostal Voices Riku P. Tuppurainen, 2019-10-16 Lukan narrative takes its readers into God's story how his salvation plan in Jesus began on the slopes of Judea and at the Sea of Galilee ending on the hill of Calvary and the Mount of Olives yet moving on and telling how the Spirit descended onto the Temple Mount empowering God's people who then began to fulfill the given mandate in the presence of the Spirit Yet readers of Luke Acts throughout the centuries have had a meandering journey as they have tried to understand the narrative's persuasion and Spirit references This book seeks to bring awareness to these challenges by some of the most respected Pentecostal biblical scholars and systematians Here their vigorous labor with the questions of hermeneutics and theology in relation to Lukan writings have come to fruition These contributions have been collected as a Festschrift in honor and celebration of the career of Roger Stronstad a Pentecostal biblical scholar whose contribution to Lukan studies have moved Pentecostal scholarship from shadows into daylight The editor of this volume invites the readers of Lukan narrative to journey together on the road to
