Since World War II the subject of violence has become an increasingly important one. With the increased frequency of acts of violence in our contemporary world, the questions surrounding CONTEMPORARY VIOLENCE are becoming more and more of the primary concern with the public. While the conventional view has emphasized the individual as the primary agent, it is now clear that the individualized nature of violence, due to the technological advances of the last few years, has become more and more dependent upon the social environment. This book offers a comprehensive examination of violence, from its social context, and the role of the individual in the process. It is a study of violence in its social context, and the role of the individual in the process. It is a study of violence in its social context, and the role of the individual in the process. It is a study of violence in its social context, and the role of the individual in the process.
