Wilson's annual song book and reciter's companion** H. Wilson,1890 Creativity and Chaos Charles Suhor,2020-05-05 In Creativity and Chaos Reflections on a Decade of Progressive Change in Public Schools 1967 1977 Charles Suhor brings to life the bold challenges to the status quo in education during a decade of national turmoil The regimentation and rote learning of traditional schooling could not have escaped the restless temper of the times Vietnam war protests racial strife assassinations hippie communes the sexual revolution an emerging drug culture and daring innovations in pop rock music Suhor describes his immersion in post World War II popular culture of New Orleans as a rich backdrop for his years as an impassioned educational reformer at local and national levels A risk taking teacher and district supervisor of English he plunged headlong into controversies over black literature censorship ebonics the new grammar faculty integration testing standardization and computer technology He demonstrates how the sweeping national trends often took quirky distinctive turns in a city that delights in marching to a different drummer Suhor s engaging account takes the reader into classrooms as well as the intrigues of central office politics and national leaders disputes on how to best teach students in a time of change In no sense a doctrinal liberal he lambastes the errors and excesses of the progressive movement and traces its decline and the backlash demand for a return to basic skills Suhor concludes with an update on innovations that have waned or persisted in today s schools Catalog of Copyright Entries.
