## **Angel On My Shoulder True Stories Of Angelic Experiences:**

**An Angel At My Shoulder** Glennyce S. Eckersley,2010-11-30 Though angels have been part of our culture and our history for centuries they have been forgotten in recent times diminished to the level of christmas trinkets and the playthings of children Until recently few would admit encountering angelic beings Yet this extraordinary book shows angels are returning and being acknowledged once again Here are true stories of countless ordinary people being rescued by angels being comforted and healed by them feeling their presence in the face of death and often appearing to little children These tales are drawn from such countries as Britain Australia Ireland and the United States showing angels can be found all around the globe helping people and often changing their lives completely Full of warm and uplifting stories An Angel At My Shoulder suggests it is more than time to reconsider our view of angels to let them back into our hectic mechanized world and to realise we are never alone *An Angel at My Shoulder* Glenn Eckersley,2010-11-30 **Seeing Angels - True**

**Contemporary Accounts of Hundreds of Angelic Experiences** Emma Heathcote James,2009-05-04 Emma Heathcote James has analysed over 800 such accounts for her PhD into Contemporary Experiences of Angels Hundreds of people have claimed to have experienced visions of angels These people are not crazy new aged loonies but ordinary people from all walks of life from professionals to prisoners to children This absorbing book the product of painstaking research gets to grips with the issues surrounding these strange manifestations What do they mean How do we know that we ve seen one When are they seen The weight of the evidence may well lead you to adjust the way you have previously considered the supernatural

**Angel Over My Shoulder** Barbara Karg,Rick Sutherland,2004 Angel Blessings meets half full in this inspiring collection of 40 true stories illustrating the protection love and joy guardian angels bring into our lives This book marries two best selling trends angels and heartwarming story collections **Spiritual Encounters with Unusual Light Phenomena** Mark Fox,2013-06-15 This book is a study of unusual light phenomena based on almost 400 unpublished accounts of modern day encounters with strange lights collected over a period of thirty years held at the University of Wales Lampeter It is an original and perennially topical book that goes beyond existing studies of unusual light phenomena such as lights encountered during angelic experiences near death experiences after death communications in a number of ways It shows for example that experiences of unusual spiritual religious and paranormal lights are cross cultural trans historical and are reported widely in the present day but not necessarily experienced when near to death It also demonstrates that these experiences share to a remarkable degree a common core showing by drawing on a large number of vivid unpublished and dramatic testimonies that unusual lights typically manifest at times of crisis and are overwhelmingly benign and loving producing turning points in the lives of experiencers and typically setting them in new spiritual and creative directions

**Encountering Mystery** Dale C. Allison,2022-07-26 Despite widespread skepticism on the matter a significant number of people today have stories of religious experience moments of inexplicable terror or rapturous joy visions near death

experiences of the afterlife encounters with angels heavenly voices and premonitions How should rationally minded people respond What would your reaction be if someone told you that one night while sitting alone she saw through the window a brilliant light descend from the sky until it was so large that it filled the room and that it radiated a feeling of pure love And what would you say if a friend confided that one night he woke up and could not move felt he was being suffocated and sensed an evil spirit in the room By default in the secular age we are skeptical about anything mysterious or supernatural More likely than not most people would respond to the stories above with embarrassment and concern about the person's grasp of reality or they would attempt to explain them away through rational or scientific means But the truth is that religious experiences like these are not as uncommon as they seem although talking about such experiences often is This is the case even in a faith tradition such as Christianity despite the Bible's numerous accounts of miraculous and mysterious happenings In *Encountering Mystery* noted biblical scholar Dale Allison makes the argument that stories of religious experience are meaningful and not to be marginalized and that we have a moral prerogative to lovingly engage with such stories regardless of whether we have had similar experiences Through a close look at phenomena such as moments of inexplicable terror or rapturous joy visions near death experiences of the afterlife encounters with angels heavenly voices and premonitions Allison shows how ordinary practices of faith need not be at odds with individual religious experiences Above all he enjoins us to be honest about the persistence of religious experience in a secular age and to make space for those who encounter mystery in their lives
