Changing Reality Serge Kahili King, 2013-04-02 Reality is experience and experience is reality says Hawaiian shaman Serge King speaking of Huna the esoteric tradition in which he was reared King emphasizes that all of us have the ability to shift from one world to another The difference is that shamans do it purposefully while the rest of us are unaware of it He trains us to engage in the process consciously in order to expand our human potential Among books on Huna this one is unique for offering actual practices for changing our reality to create the life we want In a user friendly conversational style King's chapters explain the four worlds of a shaman and basic Huna principles Then citing case studies he guides us in how to change reality in each of the four worlds bringing in ESP telepathy the perception of auras telekinesis dreaming magical flight and finally soul retrieval and the great power of healing It sounds simple says King and it is The most difficult part is to accept the simplicity because that means changing one's idea about what reality is And that's what this book is all about
