Angel Words:

Angel Words Doreen Virtue, Grant Virtue, 2010-11-15 When Doreen and her son Grant Virtue were recording podcasts they noticed that whenever she said the word angel the recording graphics were shaped like angel wings So they studied the other words she said and realized that those with a spiritual or loving basis had large graphs So they experimented with saying negative words and found that their appearance was completely different tight and small Similar to Masaru Emoto's work with water crystals Angel Words gives visual proof of the power and impact of speaking in a loving way You'll come to understand why positive words express the most energy and therefore have the most power to manifest your dreams You'll also see how negative words have low energy and read how they can actually draw negative experiences to you This unforgettable book will immediately motivate you to choose positive words **Angel Words** Jolinda Pizzirani, 2007-03
