[The Angelic Avengers](#) Dorothy Canfield Fisher,1947 [The Angelic Avengers /Isak Dinesen](#) Isak Dinesen,1975 **Angelic Avenger** Kaye Chambers,2009 **Isak Dinesen's Ecological Power** Peter Mortensen,2025-11-27 Danish writer Isak Dinesen Karen Blixen 1885 1962 was colonial plantation manager big game hunter animal rights activist nature conservationist flower gardener and much more Most importantly Dinesen wrote thought provoking mind bending boundary shifting tales that can help us think constructively and creatively about many facets of life on our troubled planet Isak Dinesen s Ecological Power reexamines Dinesen in the context of 21st century debates about time animals plants masculinity families the idea of nature and the very question of what it means to be human in a more than human world We urgently need to power our societies and imaginations in new ways and this book reconsiders Dinesen s stories as an inexhaustible and so far largely untapped source of ecocultural energy **Karen Blixen's Existentialism** Lars Kaaber,2023-10-11 This book investigates the writings of Karen Blixen Isak Dinesen from an existentialist angle Although it has not been subject to much study Blixen s writing elegantly and subtly integrates the ideas of Kierkegaard Nietzsche and Sartre in a way that makes the philosophers more accessible to a wider audience However Blixen also offers her own ideas of the fundamental problem in existentialism how to arrive at an authentic identity through free individual choices or as Nietzsche put it how to become who you are On the whole Blixen s authorship can be seen as an existential study of the 20th century and the ways

by which Western culture came to be what it is now In agreement with Nietzsche s statement that all philosophy is an involuntary autobiography this book also contains accounts of the lives of the three philosophers chiefly involved in this study

The Aristocratic Universe of Karen Blixen Frantz Leander Hansen,2003 Karen Blixen s works are explored in the light of a passionate insistence on living out this double nature of the divine and the demonic The aristocratic is examined as her depiction of a conduct of life that is faithful to destiny The aristocratic viewpoint is in tune with eternity and places no obstructive morality between self and life Vitality has its source in direct access to the ocean of inexhaustible opportunities with which life presents us The world in her novel Out of Africa for example plays a key role as the consummate illustration of an aristocratic culture The aesthetic guidelines for literary form as well as art as advocated by Karen Blixen are discussed and her view of art is similarly defined and explained as aristocratic Her private correspondence is drawn upon to shed new light on her life and work The Aristocratic Universe of Karen Blixen explores the confrontation between the different cultures and environments which are seen to limit and censure natural behavior while at the same time imposing upon humankind unnecessary notions of sin and guilt Analysis of her stories especially Babette s Feast and of her world view show how Karen Blixen maps out hostility to destiny this being a violation of Creation which is viewed as both divine and demonic

Photographs and color pictures of Blixen s art work are also included
