*Identity's Strategy* Dana Anderson, 2007 This work is an investigation into the persuasive techniques inherent in presentations of identity Anderson constructs a rhetorical theory for understanding persuasive strategies involved in the expression of personal identity Drawing on Kenneth Burke s Dialectic of Constitutions Anderson analyzes conversion narratives to illustrate how the authors of these autobiographical texts describe dramatic changes in their identities as a means of influencing the beliefs and action of their readers The concept of Identity conveys the idea that people possess a certain capacity for self understanding and self definition Communicating this self interpretation is inherently rhetorical Expanding on Burkean concepts of human symbol use Anderson works to parse and critique such inevitable persuasive ends of identity constitution Anderson examines the strategic presentation of identity in four narratives of religious sexual political and mystical conversions Catholic social activist Dorothy Day s The Long Loneliness political commentator David Brock s Blinded by the Right Deirdre McCloskey s

memoir of transgender transformation *Crossing* and the well known Native American text *Black Elk Speaks* Mapping the strategies in each Anderson points toward a broader understanding of how identity is made and how it is made persuasive

*The Power of Woman* Pamela R. Durso, 2003 Sarah Moore Grimke 1792-1873 wanted to become a useful member of society a goal she met through her impressive contributions to American social reform during the 1830s The issue that loomed largest during that decade was slavery and Sarah became a spokeswoman for and a leader in the abolition movement As a Southern gentlewoman her contributions were unique in that she critiqued the institution based on personal experience But Sarah did more than fight for the rights of slaves Perhaps her greatest contribution was as an advocate of women's rights Her feminist beliefs are set forth in her *Letters on the Equality of the Sexes* 1838 In this collection of letters she implemented a new hermeneutic to interpret biblical verses traditionally considered to subject women to the tyranny of men She confronted the subjugation of women based on divine authority and rejected patriarchal interpretations of Scripture Based on her interpretation of Scripture Sarah advocated full equality for women in education vocation politics and finances She became a role model for many women who later became leaders in the suffrage movement and is still a role model for many today Sarah Moore Grimke confronted racism and prejudice within church society and herself Most books and articles dealing with the Grimke sisters focus on Angelina and no biography has been written of Sarah This is the first book length treatment of Sarah's life and work and as such is indispensable reading for those interested in women's studies racism suffrage history and religious history

**Defining Americans** Mary E. Stuckey, 2023-03-17 Andrew Jackson spoke to Americans in ways that reflected the concerns of a young nation Grover Cleveland helped citizens redefine themselves after the havoc of the Civil War era FDR confronted widespread hardship with hope and determination while Eisenhower spoke to our fears of the Communist menace Throughout our history presidents by their very utterances have shaped our sense of who we are as Americans As Mary Stuckey observes presidents embrace articulate and reinvigorate our sense of national identity They define who Americans are often by declaring who they aren't In this book she shows how presidential speech has served to broaden the American political community over the past two centuries while at the same time excluding others Ranging broadly from Andrew Jackson to Bill Clinton and George W Bush Stuckey demonstrates how presidents accomplish the dual enactment of inclusion and exclusion through their rhetorical and political choices Our early leaders were preoccupied with balancing the growing nation later presidents were concerned with the nature and definitions of citizenship By examining the political speeches of presidents exemplifying distinctly different circumstances she presents a series of snapshots which when taken together reveal both the continuity and the changes in our national self understanding Ambitious and sweeping Stuckey's work documents the tactics that have naturalized and legitimated inclusion and exclusion tracing the progress of groups such as women and African Americans from political invisibility to partial visibility and eventual inclusion She also shows how the terms of inclusion have varied with changing political winds helping us understand how depictions of the powerless by the powerful reflect and influence the status of various groups Stuckey's analysis shows how presidents use language rooted in their times and circumstances to frame and influence contemporary definitions of citizenship A provocative book that documents the changes in our understanding of who is and who isn't one of us *Defining Americans* reveals that all presidents draw upon the same set of national ideals values and events but not all use those ideas in precisely the same ways

Shared Land/Conflicting Identity Robert C. Rowland, David A. Frank, 2002-12-31 Shared Land Conflicting Identity Trajectories of Israeli and Palestinian Symbol Use argues that rhetoric ideology and myth have played key roles in influencing the development of the 100 year conflict between first the Zionist settlers and the current Israeli people and the Palestinian residents in what is now Israel The Israeli Palestinian conflict is usually treated as an issue of land and water While these elements are the core of the conflict they are heavily influenced by the symbols used by both peoples to describe understand and persuade each other The authors argue that symbolic practices deeply influenced the Oslo Accords and that the breakthrough in the peace process that led to Oslo could not have occurred without a breakthrough in communication styles Rowland and Frank develop four crucial ideas on social development the roles of rhetoric ideology and myth the influence of symbolic factors specific symbolic factors that played a key role in peace negotiations and the identification and value of criteria for evaluating symbolic practices in any society

**Uprising** Tiffany Lewis, 2021-02-01 Decades before white women won the right to vote throughout the United States they first secured that right in its Western region beginning in Wyoming in 1869 Many scholars have studied why and how the Western states enfranchised women before the Eastern ones this book instead examines the influence of the West on the national US suffrage movement As the campaign for woman suffrage intensified US suffragists often invoked the West in their verbal visual and embodied advocacy In deploying this region as a persuasive resource they challenged the traditional meanings of the West and East thus gaining additional persuasive strategies Tiffany Lewis s analysis of the public discourse images and performances of suffragists and their opponents shows that the West played a pivotal role in the successful campaign for white women s enfranchisement that culminated in 1920 In addition to offering a history of this political movement s rhetorical strategy Lewis illustrates the usefulness of region in protest the way social movements can tactically employ region to motivate social change
