## **Angelo Musco:**

**Angelo Musco** Angelo Musco, John Berendt, Ombretta Agrò, 2003 Focusing on Stendhal G rard de Nerval George Sand mile Zola and Marcel Proust *The Subject of Space Mapping the Self in Nineteenth Century French Fiction* explores the ways that these writers represent and negotiate the relationship between the self and the world as a function of space in a novel turned map With the rise of the novel and of autobiography the literary and cultural contexts of nineteenth century France reconfigured both the ways literature could represent subjects and the ways subjects related to space In the first person works of these authors maps situate the narrator within the imaginary space of the novel Yet the time inherent in the text s narrative unsettles the spatial self drawn by the maps and so creates a novel self one which is both new and literary The novel self transcends the rigid confines of a map In this significant study Patrick M Bray charts a new direction in critical theory [Modernism in European Drama](#) Frederick J. Marker, Christopher Innes, 1998-01-01 This collection of essays originally published over the last forty years in the journal *Modern Drama* explores the drama of four of the most influential European proponents of modernism in the European Drama Ibsen Strandberg Pirandello and Beckett **Theatre Arts** Sheldon Cheney, Edith Juliet Rich Isaacs, 1922 **Pirandello's Visual Philosophy** Lisa Sarti, Michael Subialka, 2017-03-23 This collection draws on cutting edge work that crosses traditional disciplinary boundaries to offer new perspectives on the importance of visuality and the imagination in the work of Luigi Pirandello the great Italian modernist The volume re examines traditional critical notions central to the study of Pirandello by focusing on the importance of the visual imagination in his poetics and aesthetics an area of multimedia investigation which has not yet received ample attention in English language books Putting scholarship on Pirandello in conversation with new work on the multimedia dimensions of modernism the volume examines how Pirandello worked across and was adapted through multiple media It also brings Pirandello into a cross disciplinary dialogue with new approaches to Italian cultural studies to show how his work remains relevant to scholarly conversations across the field The essays in this collection highlight the ways in which Pirandello is engaged not only in literature and theatre but also in the visual arts film and music At the same time they emphasize the ways in which this multimedia creativity enables Pirandello to pursue complex philosophical thoughts and how scholars interpretation of his works can provide new insights into problems facing us today Crossing from aesthetics and a study of modernist notions of creative imagination into studies of multimedia works and adaptations the volume argues that Pirandello should be understood as a thinker in images whose legacy can be felt across the arts and into the realm of 21st century theories of literary cognition *Luigi Pirandello in the Theatre* Susan Bassnett, Jennifer Lorch, 2014-03-18 First Published in 1993 *Contemporary Theatre Studies* is a book series of special interest to everyone involved in theatre This collection of documents is the first attempt in English to bring together a body of material on Luigi Pirandello as multi faceted man of the theatre Because relatively few of his works have been easily available to English language readers he is thought of most

frequently as a playwright the author of *Six Characters in Search of an Author* and *Henry IV* in particular and his contribution to theatre both in theory and in practice has tended to be overlooked Emphasising his role as a director the book traces the rise and fall of his own theatre company the Teatro d Arte where he struggled to instil new practices and comments on Pirandello's attempts during the years of Fascism to give Italy a national theatre in a European context The Americana Annual Alexander Hopkins McDannald,1928 Bulletin Italy America Society (New York, N.Y.),1927 *The Billboard* ,1927 **Encyclopedia of Italian Literary Studies** Gaetana Marrone,Paolo Puppa,2006-12-26 The Encyclopedia of Italian Literary Studies is a two volume reference book containing some 600 entries on all aspects of Italian literary culture It includes analytical essays on authors and works from the most important figures of Italian literature to little known authors and works that are influential to the field The Encyclopedia is distinguished by substantial articles on critics themes genres schools historical surveys and other topics related to the overall subject of Italian literary studies The Encyclopedia also includes writers and subjects of contemporary interest such as those relating to journalism film media children's literature food and vernacular literatures Entries consist of an essay on the topic and a bibliographic portion listing works for further reading and in the case of entries on individuals a brief biographical paragraph and list of works by the person It will be useful to people without specialized knowledge of Italian literature as well as to scholars **Film Italiano** ,1957 Bulletin of the American Association of Teachers of Italian ,1926 Bibliography of Italian studies in America in each number 1924 48 **Nuova antologia** ,1922 *Nuova antologia di lettere, scienze ed arti* ,1916 **La settimana illustrata rivista settimanale illustrata a colori** ,1915 *Theatre Arts Magazine* ,1922 **Atlantica** ,1937 *International Music and Drama* ,1915 **Bulletin and Italiana** ,1927 Analecta bollandiana ,1892 **Films and Filming** ,1961
