At the Sign of the Star Katherine Sturtevant, 2015-12-01 The tale of a bookseller's daughter Meg Moore is the motherless and only child of a bookseller with a thriving business in Restoration London and that makes her an heiress She knows that someday she will have her pick of suitors and that with the right husband she can continue in the book trade and be friends with wits and authors as her father is But Mr Moore's unexpected marriage throws all Meg's dreams into confusion Meg resists the overtures and edicts of her stepmother with a cleverness equaled only by her fierceness but in spite of it all her rival's belly soon swells with what Meg fears will be her father's new heir Meg seeks wisdom from almanacs and astrologers plays and books of jests guides for ladies and guides for midwives Yet it is through her own experience that she finds a new matrimony with which to face her unknown future This vibrant novel recreates a lively and fascinating historical period when women claimed a new and more active role in London's literary scene

The New Medical Astrology Mario

Kertscher, 2025-04-14 The teaching of a New Medical Astrology is an attempt to bring medicine and astrology closer together again While medicine has continued to develop and gain new insights into the organs classical astromedicine has hardly developed at all in the last 2000 years since the doctrine that Aries begins with the head and Pisces ends with the feet After 40 years of thorough research the New Medical Astrology is now based on 12 vital organ systems within the head and torso which correspond to the 12 signs of the zodiac Unlike in Hippocrates time more than 2000 years ago the arms and legs do not play a major role in the new classification as they do not represent vital organs This work is a new connection between the psychological astrology human anatomy psychosomatics and eye diagnosis This textbook forms the basis for learning astrology New Medical Astrology and at the same time forms a bridge to the psychosomatic explanations of illnesses in relation to the individual zodiac signs The intention was to write a textbook in an easily understandable way and to avoid confusing foreign or technical terms that too difficult to understand This makes it equally suitable for learning teaching or just exploring for both young and old explorers of astrology This astrological textbook includes the following topics The basics of astrology planets and elements The astrological house system based on Placidus The beginnings of Astrological Medicine The basics of the New Medical Astrology The twelve zodiac signs and their anatomical assignments The strengths and weaknesses of each zodiac sign The psychosomatic meanings to most diseases

Power of the Midheaven

Stephanie Jean Clement, 2001 The horoscope is a map of the heavens at any particular time usually at the birth of a person An important aspect to consider when creating charts is the Midheaven Before computers it was a vital computation in setting up horoscopes Curiously many astrologers ignore this point in their interpretations During over twenty five years as a professional astrologer Stephanie Jean Clement Ph D has emphasized that no point of a chart is unimportant She reveals what she has learned in *The Power of the Midheaven* Attention to the Midheaven can revolutionize your understanding of

astrology If you are an astrologer you need the information in this book to make your readings more complete and to have a full understanding of a chart The Midheaven indicates what we know about ourselves The primary form of analysis is to examine the sign the Midheaven is in For example people with Leo Midheavens set their goals high and have the staying power to achieve them They want to rise to the top socially Jacqueline Kennedy is an example as is Grace Kelly They are self confident generous know they are fine leaders and have organizational capability but may not be able to admit their own shortcomings A Leo Midheaven is the master of control and free will and achieves spiritual enlightenment by knowing that the physical body is necessary Dr Clement points out that both Charlie Chaplin and Adolf Hitler have a Leo Midheaven they were born within days of each other She gives quotes showing how they used their wills to control people and both worked hard to eventually reach the top Obviously they were quite different people but the way they achieved their goals was similar Chaplin actually experienced his first movie making disappointment with *The Little Dictator* a film about Hitler This book covers the Midheaven through all the signs It also includes planets in aspect transits and much more If you are an astrologer or if you are at all interested in your horoscope you need this book
