*Making Animals Public* Professor Gay Hawkins,Dr Ben Dibley,2024-06-01 Natural history television on the ABC has been one of the public broadcaster s most popular formats For many viewers TV has been an important contact zone for engaging with animals they would never encounter in everyday life These animals have also played a critical role in developing environmental awareness But how did animals get to be on the small screen and what happened to them when they got there Making Animals Public Inside the ABC s Natural History Archive traces the cultural and political evolution of the natural history animal on the ABC It explores different modes of capture from cages to cameras what has come to count as a natural history animal over time and the various sites they have inhabited from nature to the nation to the environment to the planet In early natural history programs audiences were invited to watch as sovereign humans there to learn or be entertained by animals that were exotic or aesthetic or scientifically interesting Whatever the framing these animals were resolutely other In recent times natural history animals have become more assertive They are now posing uncomfortable questions to human viewers about exploitation extinction and mutual implication in catastrophic whole earth processes like climate change Using a wide range of screen examples ranging from the 1950s to the 2020s Making Animals Public focuses on shifting cultural and sociotechnical practices in ABC natural history television Combining science and technology studies screen studies and critical animal studies this book develops an innovative interdisciplinary analysis of how televisual animality is crafted and made believable Making Animals Public analyses the significant role public television has played in filming and circulating a vast array of animals and habitats that had never been seen before How these animals were visualised and accounted for has continually evolved What has remained constant is the fact that natural history television has been a hugely important site for exploring the various politics of human animal relations good and bad and for nurturing environmental awareness in audiences

Animal Action Abc: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have charmed audiences this year. Animal Action Abc : Colleen Hoover "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Animal Action Abc : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Animal Action Abc : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
