A Very Short, Fairly Interesting, Reasonably Cheap Book About... International Marketing A. J. Earley, 2019-07-08 Conceived by Chris Grey the Very Short Fairly Interesting and Reasonably Cheap series offers an antidote to conventional textbooks Each book takes a core area of the curriculum and turns it on its head by providing a critical and sophisticated overview of the key issues and debates in an informal conversational and often humorous way Looking beyond the usual colonial narrative of the subject Amanda Earley encourages the reader to think

reflectively and critically about overlooked aspects of International Marketing such as power relations history ethics culture and politics Examples are provided throughout with coverage of student friendly brands such as Apple Facebook and Google and their role in international marketing practices today The author draws on history and the colonial era as well as illustrating the failure of American brands to break into other markets There are also gritty thought provoking examples around racial divides in Asia and Australia Need another VSEI book Browse the series here [Marketing Communications for a Digital Age](#) Tracy L. Tuten,2026-02-04 Gain invaluable insight into the entire marketing communications process with this contemporary and accessible textbook You ll explore both traditional principles and digital techniques from strategic planning and audience targeting to creative execution and media planning and discover how companies can leverage the power of MarTech advertising technology and data analytics Packed with international case studies from organisations like Samsung Uber Eats e l f Cosmetics LEGO and Qatar Airways and supported by critical thinking questions this textbook shows how today s professionals are navigating a rapidly evolving landscape and how you can too Written by bestselling author Tracy Tuten this is essential reading for your marketing communications journey [Jacaranda Key Concepts in VCE Business Management Units 1 and 2 7e learnON & Print & studyON](#) Stephen J. Chapman,Matthew Richardson,Graeme Smithies,Vladimir Dumovic,Simon Phelan,Helen Rabenda,2022-12-19 The best Business Management series for the new VCE Study Design Developed by expert Victorian teachers for VCE students **The Korean Wave in a Post-Pandemic World** Geon-Cheol Shin,Mark D. Whitaker,2023-11-02 This book presents an analysis of how the economic Korean Miracle spread into the cultural Korean Wave Hallyu First only in Asian countries and then around the world the rising popularity of the Korean Wave continued within the pandemic despite or even because of policies of digital lockdowns Partially this has been by design as Korea for decades has had a very strong fast development drive in telecommunications and that aided the growth of its cultural wave Partially however this became exclusively by default how the Korean Wave had to spread increasingly in a digital manner after 2020 globally in response to many countries rules regarding the COVID 19 pandemic in their attempts to enforce a decline in face to face content consumption In retrospect this has meant only more digital growth and innovation for the Korean Wave in past years compared to other cultures entertainment complexes that suffered more Korea s earlier digital readiness combined with later lockdownconditions and pushed the Korean Wave further ahead Despite the ending of COVID 19 lockdowns in many countries a greater digital aftermath will continue in the cultural industry and in the economy in general This is due to changes created in cultural preferences in organizational investments and in communication technologies due to those lockdowns Thus the authors examine how the Korean Wave coped actively with a pronounced digital shift by default in all aspects of media including production distribution and consumption In turn they examine how the greater digital shift in the world s culture and economy influenced the Korean Wave s entertainment performances TV dramas and cosmetics among other areas The authors analyze general trends in the Korean Wave s

economics culture and technology along with specific strong cases of the K pop boy group BTS the cosmetics manufacturer Cosmax and the television series Squid Game Since the Korean Wave continues to grow in popularity within a more exclusive digital socialization future implications of such a competitive digital world economy and multi polar digital world culture are discussed for all countries as well
