Crazy as Chocolate Elisabeth Hyde,2002 Literary Nonfiction AFFLICTIONS AND DEPARTURES is a collection of first person experiential essays However this is not the realm of traditional memoir in addition to incidents and feelings recaptured from memory Sonik seeks out connections between the microcosm of the daily events of her childhood and adolescence and the social historical and scientific trends of the time AFFLICTIONS AND DEPARTURES begins by considering the turbulent and changing nature of the world in the late 1950s and early 1960s the world in which the author was conceived and born Like many couples of that era Madeline Sonik s parents focused on shared social and economic ambitions at the expense of authentic personal feeling These ambitions would erode and by the 1970s completely collapse These essays are as incisive as they are moving and leave the reader with a sense of history as it was lived not as it is codified in countless textbooks

How Medicine Works and When It Doesn't F. Perry Wilson,2023-01-24 Blending personal anecdotes with hard science an accomplished physician researcher and science communicator gives you the tools to avoid medical misinformation and take control of your health A brilliant step toward patients and physicians alike reclaiming a sense of confidence in a system that often feels overwhelming and mismanaged Gabby Bernstein 1 New York Times bestselling author of *The Universe Has Your Back* We live in an age of medical miracles Never in the history of humankind has so much talent and energy been harnessed to cure disease So why does it feel like it s getting harder to live our healthiest lives Why does it seem like experts can t agree on anything and why do our interactions with medical professionals feel less personal less honest and less impactful than ever Through stories from his own practice and historical case studies Dr F Perry Wilson a physician and researcher from the Yale School of Medicine explains how and why the doctor patient relationship has eroded in recent years and illuminates how profit driven companies from big Pharma to healthcare corporations have corrupted

what should have been medicine's golden age By clarifying the realities of the medical field today Dr Wilson gives readers the tools they need to make informed decisions from evaluating the validity of medical information online to helping caregivers advocate for their loved ones in the doctor's office and with the insurance company Dr Wilson wants readers to understand medicine and medical science the way he does as an imperfect and often frustrating field but still the best option for getting well To restore trust between patients doctors medicine and science we need to be honest we need to know how to spot misinformation and we need to avoid letting skepticism ferment into cynicism For it is only by redefining what good medicine is science that is well researched rational safe effective and delivered with compassion empathy and trust that the doctor patient relationship can be truly healed
