Crazy Mirror Hollywood Comedy The Amer:

The Crazy Mirror: Hollywood Comedy and the American Image Raymond Durnat, 1970 *Crazy mirror (the); Hollywood comedy and the American image* R. Durnat, 1972 **Groucho** Stefan Kanfer, 2001-05-08 This definitive biography of one of the world's greatest comedians unflinchingly yet affectionately uncovers the man behind the cigar. Here is the amazing career of the man the world recognized as Groucho: the improbable disasters of the vaudeville years; the Marx Brothers; an act so funny W. C. Fields refused to follow it; the unprecedented Broadway success of *The Cocoanuts* and *Animal Crackers*; the cinematic triumphs of *Duck Soup* and *A Night at the Opera*; and the marvelous come-back career as king of the game show hosts with *You Bet Your Life*. Here too is the man himself: a lonely middle child who aspired to be a doctor; a man who sabotaged three marriages; a father alternately indulgent and cruel; intelligent and thorough; hilarious and sad. Groucho is a spectacular biography of the century's most influential comedian.

With Amusement for All LeRoy Ashby, 2006-05-12 Popular culture is a central part of everyday life to many Americans. Personalities such as Elvis Presley, Oprah Winfrey, and Michael Jordan are more recognizable to many people than are most elected officials. *With Amusement for All* is the first comprehensive history of two centuries of mass entertainment in the United States, covering everything from the penny press to *Playboy*, the NBA to NASCAR, big band to hip hop, and other topics including film, comics, television, sports, dance, and music. Paying careful attention to matters of race, gender, class, technology, economics, and politics, LeRoy Ashby emphasizes the complex ways in which popular culture simultaneously reflects and transforms American culture, revealing that the world of entertainment constantly evolves as it tries to meet the demands of a diverse audience. Trends in popular entertainment often reveal the tensions between competing ideologies, appetites, and values in American society. For example, in the late nineteenth century, Americans embraced self-made men such as John D. Rockefeller and Andrew Carnegie; the celebrities of the day were circus tycoons P. T. Barnum and James A. Bailey; Wild West star Buffalo Bill Cody; professional baseball organizer Albert Spalding; and prizefighter John L. Sullivan. At the same time, however, several female performers challenged traditional notions of weak, frail Victorian women. Adah Isaacs Menken astonished crowds by wearing tights that made her appear nude while performing dangerous stunts on horseback, and the shows of the voluptuous burlesque group *British Blondes* often centered on provocative images of female sexual power and dominance. Ashby describes how history and politics frequently influence mainstream entertainment. When Native Americans, blacks, and other non-whites appeared in the nineteenth-century circuses and Wild West shows, it was often to perpetuate demeaning racial stereotypes; crowds jeered *Sitting Bull* at Cody's shows. By the early twentieth century, however, black minstrel acts revealed racial tensions, reinforcing stereotypes while at the same time satirizing them and mocking racist attitudes before a predominantly white audience. Decades later, Red Foxx and Richard Pryor's profane comedy routines changed American entertainment. The raw ethnic material of Pryor's short-lived television show led to a series of African American sitcoms in the 1980s that presented common American experiences from

family life to college life with black casts Mainstream entertainment has often co opted and sanitized fringe amusements in an ongoing process of redefining the cultural center and its boundaries Social control and respectability vied with the bold erotic sensational and surprising as entrepreneurs sought to manipulate the vagaries of the market control shifting public appetites and capitalize on campaigns to protect public morals Rock n Roll was one such fringe culture in the 1950s Elvis blurred gender norms with his androgynous style and challenged conventions of public decency with his sexually charged performances By the end of the 1960s Bob Dylan introduced the social consciousness of folk music into the rock scene and The Beatles embraced hippie counter culture Don McLean s 1971 anthem American Pie served as an epitaph for rock s political core which had been replaced by the spectacle of hard rock acts such as Kiss and Alice Cooper While Rock n Roll did not lose its ability to shock in less than three decades it became part of the established order that it had originally sought to challenge With Amusement for All provides the context to what Americans have done for fun since 1830 showing the reciprocal nature of the relationships between social political economic and cultural forces and the way in which the entertainment world has reflected refracted or reinforced the values those forces represent in America

There are excellent summaries of respected histories of the field and such serious well planned chapters as *The Comics*, *Humor in Periodicals*, *Standup Comedy*, *Women's Humor*, *Racial and Ethnic Humor*, and *Political Humor*. Well written and clearly presented, this volume will greatly assist those making their way in this fascinating interdisciplinary area. Choice Focusing on a multitude of genres, this unusual collection stresses the overall importance of humor as an index to popular thought. Primarily descriptive rather than theoretical, each chapter is organized to provide an overview of a specific genre of expression or a significant topic in modern humor. Subjects range from literature, the comic strip, film, broadcast humor, the magazine, and standup comedy to racial and ethnic humor, women's humor, and political humor. Each genre or topic is traced historically and analyzed with respect to those characteristics that make it unique. A bibliographical essay and checklist is provided for each chapter to facilitate further study.

Master Space Barbara Bowman, 1992-05-12 This is a unique study of the use of cinematic space by four important directors in American cinema from the 1930s to the 1960s: Frank Capra, Ernst Lubitsch, Josef von Sternberg, and William Wyler. Barbara Bowman examines each of their distinctive styles and diverse backgrounds and shows how these unique visual styles complement each other, representing the best in classic American cinema from

Ninotchka and Shanghai Express to Best Years of Our Lives to It's a Wonderful Life These great directors viewed space not as simple emptiness nor as something to be manipulated pragmatically but as a frame or palette in which to work Their arrangements of cinematic space become not just visually recurrent techniques but aesthetic touchstones that alert spectators to the narrative shape of the film and invite the spectator to have a more self-conscious relation to the film Bowman explains how Capra's challenge was to take what is spatially familiar like James Stewart's or Gary Cooper's neighborhood or small town and defamiliarize it enough so that we see it for the first time Lubitsch's creation of film space relies on the indirection so apparent in his scripts by Samuel Raphaelson he depends on what the spectator cannot yet see or only anticipates relying upon our imaginations especially our potential lasciviousness Sternberg's veiled shots of Marlene Dietrich and others convey a very basic skepticism about human capacity for both sight and insight and Wyler emotionalizes his films's space by having characters like Bette Davis confront each other in triangular groups or by double framing his figures with architectural second frames Each director approached film space with his own singular style but all four techniques shared a common purpose to explain characters or to teach the spectator to see more intensely
