La Verdadera Historia de la Creación Vanessa Coltrinari,2013-11-08 En el principio de la Creación uno de los 12 Seres Creadores originales malinterpreta una consigna del Creador y considera que puede convertirse en su igual dando origen a la Oscuridad y desencadenado el mal que nunca debi haber existido Debido a su desconexión de la energía del Creador este ser y aquellos a quienes dio origen necesitan alimentarse de otra fuente por lo que secuestran la idea del Ser Humano cuya concepción original fue del Creador y la materializan en la Tierra Sin embargo la chispa original del Creador estaba ya en los Seres Humanos y es lo que hoy nos permitir cortar el ciclo de esclavitud al que estamos sometidos y finalmente alcanzar la iluminación Como llegaron estos seres a adueñarse de nuestra Creación De qué manera utilizan al Ser Humano para sus propios fines Cuanto falta para que este mundo y todo lo que hay en él alcance la iluminación Este libro responde estas y muchas otras preguntas

Reading Popol Wuj Nathan C. Henne, 2020-04-14 Popol Wuj is considered one of the oldest books in the Americas Various elements of Popol Wuj have appeared in different written forms over the last two millennia and several parts of Popol Wuj likely coalesced in hieroglyphic book form a few centuries before contact with Europeans Popol Wuj offers a unique interpretation of the Maya world and ways of being from a Maya perspective However that perspective is often occluded since the extant Popol Wuj is likely a copy of a copy of a precontact Indigenous text that has been translated many times since the fifteenth century Reading Popol Wuj offers readers a path to look beyond Western constructions of literature to engage with this text through the philosophical foundation of Maya thought and culture This guide deconstructs various translations to ask readers to break out of the colonial mold in approaching this seminal Maya text Popol Wuj or Popol Vuh in its modern form can be divided thematically into three parts cosmogony the formation of the world tales of the beings who inhabited the Earth before the coming of people and chronicles of different ethnic Maya groups in the Guatemala area Examining thirteen translations of the K'iche' text Henne offers a decolonial framework to read between what translations offer via specific practice exercises for reading studying and teaching Each chapter provides a close reading and analysis of a different critical scene based on a comparison of several translations English and Spanish of a key K'iche' word or phrase in order to uncover important philosophical elements of Maya worldviews that resist precise expression in Indo-European languages Charts and passages are frontloaded in each chapter so the reader engages in the comparative process before reading any leading arguments This approach challenges traditional Western reading practices and enables scholars and students to read Popol Wuj and other Indigenous texts from within the worldview that created them
