

## Wilson and the Segregation of the Eastern European ‘Races’

Woodrow Wilson and the Reimagining of Eastern Europe. By Larry Wolff.  
Stanford, CA: Stanford University Press, 2020. 304 pp.

Péter Csunderlik 

Eötvös Loránd University, 6–8 Múzeum körút, 1088 Budapest, Hungary; Institute of Political  
History, 11–13 Villányi út, 1114 Budapest, Hungary; csunderlik.peter@btk.elte.hu

There has hardly been an American president with a more interesting personality than Woodrow Wilson (1856–1924); it is no coincidence that Sigmund Freud himself wrote a seminal work on psychohistory about him, and according to the doctor’s diagnosis: “His Super-Ego was insatiable.”<sup>1</sup> President Woodrow Wilson, who intervened in World War I and sent troops across the Atlantic Ocean, thought of himself not simply as a politician but as a political messiah whose mission was to “make the world safe for democracy.” This is why the realist Henry Kissinger wrote in his book *World Order* that Wilson’s entire career “would appear more the stuff of Shakespearean tragedy than of foreign policy textbooks.”<sup>2</sup> After all, all the conservatives’ negative prejudices were confronted by the ideas of the progressive American president, Woodrow Wilson, an ‘egghead’ Princeton professor and university president who came into politics from the outside and had a scientific degree (Ph.D. in history and government), who wrote a book about constitutional government and then wanted to implement his ideas in practice.

In Hungary, in early 1919, Wilson was still seen as a savior, a symbolic figure ensuring the ‘self-determination of nations.’ On 1 January 1919, Mihály Károlyi summed up his foreign policy in three words: “Wilson, Wilson, Wilson” (p. 102). However, the Hungarian political elites quickly became disillusioned with Wilson, as Peter Pastor presented in a book from 1976, *Hungary between Wilson and Lenin*. In the USA, Americans considered him one of the ‘great’ presidents until recently: the peak of the American Wilson cult was during World War II, the emblematic product of which is the 1944 biographical film *Wilson*, which celebrated Wilson

## **Creating Capital Markets In Eastern Europe Woodrow Wilson Center Special Studies:**

**Creating Capital Markets in Eastern Europe** John R. Lampe,1992      **The American Bibliography of Slavic and East European Studies** Patt Leonard,Rebecca Routh,2020-02-27 This bibliography first published in 1957 provides citations to North American academic literature on Europe Central Europe the Balkans the Baltic States and the former Soviet Union Organised by discipline it covers the arts humanities social sciences life sciences and technology      *Annual Report* Woodrow Wilson International Center for Scholars,1985      **Eastern Europe, 1986-1993** Robert H. Burger,Helen F. Sullivan,1995-12-15 Describing approximately 1 000 books published between 1986 and late 1993 this work provides readers with a selective guide to English language publications on the subject of Eastern Europe It covers general studies of the area as well as works on the individual countries of Albania Bulgaria the former Czechoslovakia the former German Democratic Republic East Germany Hungary Poland Romania and the former Yugoslavia In addition to bibliographic and descriptive information the authors also include citations to book reviews A companion to their *Russia and the Former Soviet Union Libraries Unlimited* 1994 this volume also focuses on the social sciences and the humanities As interest about this part of the world continues to build and English language publications about it proliferate Burger and Sullivan s guide is a pertinent addition to academic and public library collections      **Bibliographic Guide to Soviet and East European Studies** ,1978  
*The American Bibliography of Slavic and East European Studies* ,1992 Provides information on East Central Europe and the former Soviet Union      **Czech Republic** Vladká Edmondson,David Short,1999 Most entries of this revised edition are new as so much has been recently published on Czech affairs All aspects of the country are covered in selective critical annotations of pre eminently English language publications making this an invaluable reference work for scholars students and the general reader alike      **Issues in Reforming Financial Systems in Eastern Europe** Alfredo E. Thorne,1992 Authorities in Eastern European countries should encourage their reformed financial systems to stimulate the supply response by linking the reform of the financial system to the privatization of banks and enterprises      *Privatisation and the Creation of a Market-Based Legal System* Bahaa Ali El-Dean,2002-08-01 The creation of a legal infrastructure that suits the needs and potential of emerging economies is a conditio sine qua non for the long term success of a privatisation process The purpose of this Volume is to examine and evaluate efforts of legal reform through the analysis of legal changes in several areas of law including securities regulation competition law the law on secured transactions and bankruptcy law The study aims at assessing the overall difficulties affecting the creation of a market based legal system for emerging economies and concludes by providing several recommendations and suggestions which are relevant to most countries and institutions engaged in the privatisation process      **REEIFication** ,1997      **Publishers Trade List Annual, 1992** ,1992      **American Book Publishing Record** ,1992      **The Publishers' Trade List Annual** ,1992      **Index of Conference Proceedings** British Library. Document Supply Centre,1993      [The East European Economy in Context](#) David Turnock,2003-09-02 Since

1989 the former communist countries of Eastern Europe have witnessed a profound and dramatic upheaval. The economic coherence of this region formerly maintained through the adoption of the Soviet system of government has fractured. In *The East European Economy in Context: Communism and Transition*, David Turnock examines the transition from communist to free market economies both within and between the states of Eastern Europe. As well as containing an informative survey of the impact of communism, *The East European Economy in Context* provides political profiles of individual countries. A clear study of the contrasts between northern and Balkan groups. Summaries of regional variations in the transition process. An exploration of the new state structures and resources. Discussion of political stability, inter-ethnic tensions, and progress in economic change. [Index of Economic Articles in Journals and Collective Volumes](#), American Economic Association, 1996

### **Global Dimensions of Public Administration and Governance** Jos

Raadschelders, Eran Vigoda-Gadot, 2015-01-21. A comparative interdisciplinary examination of the mechanisms behind public administration. *Global Dimensions of Public Administration and Governance* is a comprehensive comparative text on the structure and function of governments around the world. Written by two of the field's leading public administration scholars, this book provides an interdisciplinary perspective and a global historical and theoretical examination of the management and governance of the modern state. Readers learn how territory, bureaucracy, and political systems influence policy and reform in over thirty countries and how these mechanisms affect the everyday lives of citizens. This comparative approach features rich examples of how policy is shaped by culture and how modern policy principles are filtered to fit a country's needs and expectations. Chapters conclude with comparative analyses that help readers better understand the role and position of government in the contemporary world, both in democratic societies and less than democratic environments. Governance doesn't happen in a vacuum. Those responsible for policy regulation and reform take cues from history, current events, and visions for the future to inform thinking on matters that can potentially affect a large number of everyday lives. This book illustrates the thought process providing the necessary insight these important decisions require. Understand the relationship between structure and function of government. Learn how policy is culture dependent. Examine the political and societal contexts of reform. Discover the myriad forms of modern bureaucracy. The various social sciences provide valuable information and perspectives for those involved in public administration. Those perspectives converge here to form a thorough, well-rounded examination of the success and failure possible and the mechanisms through which they take place. *Global Dimensions of Public Administration and Governance* provides a detailed, wide-ranging look at how modern governments operate, how they got this far, and where they're headed for the future. [The Insider](#), 1991 **Transition**, 1992
