## **Creating Knowledge Strengthening Nations The Changing Role Of Higher Education:**

*Creating Knowledge, Strengthen Nations* Glen A. Jones,2005-04-01 Editors Glen A Jones Patricia L McCarney and Michael L Skolnik have brought together a diverse group of contributors to describe how internal and external forces arising from globalization are exerting pressure to change the role of higher education in society and how universities are dealing with these pressures

**Knowledge Matters** Diana Rhoten,Craig Calhoun,2011-02-21 Higher education can be a vital public good providing opportunities for students informed citizens for democracy and knowledge to improve the human condition Yet public investment in universities is widely being cut often because public purposes are neglected while private benefits dominate In this collection international scholars confront the realities of higher education and the future of its public and private agenda Their perspectives illuminate the trajectory of education in the twenty first century and the continuing importance of the university s public mission Reporting from Asia Africa Europe Latin America and North America these scholars look at the different ways universities struggle to serve public and private agendas Contributors examine the implications of changes in funding sources as well as amounts different administrative and policy decisions and the significance of various approaches to assessment and evaluation They ask whether wider student access has in fact resulted in social mobility whether more scientific research can be treated as an open access resource how changes in academic publishing change access to knowledge and whether universities get full value from research sold to private corporations At the same time these chapters capture the confusion in the university sector over explaining academic work to a broader public and prioritizing its multiple purposes Authors examine these practical challenges and the implications of different approaches in different contexts

**Changing Governance and Management in Higher Education** William Locke,William K. Cummings,Donald Fisher,2011-06-01 External drivers are pressing for a more privatized approach to higher education and research a greater reliance on technology and the more efficient use of resources This book analyzes recent changes in institutional governance and management in higher education and their impact on the academy and academic work It draws on findings from an international study based on a survey of academics in eighteen countries It opens with a chapter outlining the key issues drivers and challenges that inform contemporary discourse around academic work and the profession in general It then focuses on national case studies comparing changes in the top tier with the lower tiers of national systems public and private institutions and other differentiating factors appropriate in each country which include mature and emerging higher education systems It concludes by proposing a series of generalizations about the contemporary status of governance and management of institutions of higher education

**Educational Research and Innovation Higher Education to 2030, Volume 2, Globalisation** OECD,2009-11-18 This book examines what challenges and opportunities globalisation is bringing to higher education and as a consequence how education might look in the future
