Creating The Old Testament The Emergence Of The Hebrew Bible:

Creating the Old Testament Stephen Bigger,1989 **The Making of the Bible** Konrad Schmid,Jens

Schröter,2021-11-30 The Bible is full of ancient texts long predating the assembly of Judaism s and Christianity s sacred books Why these texts and how were they transformed on the journey from folk tale to holy writ Konrad Schmid and Jens Schröter unearth the history in the process overturning assumptions about the relationship between the Old and New Testaments *Making History* Richard Cohen,2022-04-19 A supremely entertaining The New Yorker exploration of who gets to record the world s history from Julius Caesar to William Shakespeare to Ken Burns and how their biases influence our understanding about the past There are many stories we can spin about previous ages but which accounts get told And by whom Is there even such a thing as objective history In this witty wise and elegant The Spectator book Richard Cohen reveals how professional historians and other equally significant witnesses such as the writers of the Bible novelists and political propagandists influence what becomes the accepted record Cohen argues for example that some historians are practitioners of Bad History and twist reality to glorify themselves or their country Scholarly lively quotable up to date and fun Hilary Mantel author of the bestselling Thomas Cromwell trilogy Making History investigates the published works and private utterances of our greatest chroniclers to discover the agendas that informed their and our views of the world From the origins of history writing when such an activity itself seemed revolutionary through to television and the digital age Cohen brings captivating figures to vivid light from Thucydides and Tacitus to Voltaire and Gibbon Winston Churchill and Henry Louis Gates Rich in complex truths and surprising anecdotes the result is a revealing exploration of both the aims and art of history making one that will lead us to rethink how we learn about our past and about ourselves The People's Bible History Prepared in the Light of Recent Investigations by Some of the Foremost Thinkers in Europe & America... authors deliberately used Classical and Hellenistic Greek texts for inspiration when crafting many of the narratives in the Primary History Through detailed analysis of the text Gnuse contends that there are numerous examples of clear influence from late classical and Hellenistic literature Deconstructing the biblical and Greek works in parallel he argues that there are too many similarities in basic theme meaning and detail for them to be accounted for by coincidence or shared ancient tropes Using this evidence he suggests that although much of the text may originate from the Persian period large parts of its final form likely date from the Hellenistic era With the help of an original introduction and final chapter Gnuse pulls his essays together into a coherent collection for the first time The resultant volume offers a valuable resource for anyone working on the dating of the Hebrew Bible as well as those working on Hellenism in the ancient Levant more broadly *The Creation of Man and Woman* Gerard P. Luttikhuisen, 2000-06-01 This volume deals with the three stories about the creation of man and woman in the Hebrew Bible Genesis 1:26-27 and 2:18-25 and with diverse interpretations of these narratives in Judaism and Christianity particularly in ancient Jewish and Christian texts Old Testament Apocrypha and Pseudepigrapha Philo the apostle Paul Patristic Rabbinic and Gnostic texts Other chapters are devoted to John Milton's recreation of Eve and Adam to a psychoanalytical reconsideration of the biblical creation stories and to divine creation as a model for human creation in theatre and other art forms

Making Sense of the Bible Adam Hamilton, 2014-03-18 Denominations from evangelical to mainline continue to experience deep divisions over universal social issues The underlying debate isn't about a particular social issue but instead it is about how we understand the nature of scripture and how we should interpret it The world's bestselling most read and most loved book is also one of the most confusing In *Making Sense of the Bible* Adam Hamilton one of the country's leading pastors and Christian authors addresses the hot button issues that plague the church and cultural debate and answers many of the questions frequently asked by Christians and non-Christians alike Did God really command Moses to put gay people to death Did Jesus really teach that everyone who is not a Christian will be assigned to hell Why would Paul command women to keep silent in the church Were Adam and Eve real people Is the book of Revelation really about the end times Who decided which books made it into the scriptures and why Is the Bible ever wrong In approachable and inviting language Hamilton addresses these often misunderstood biblical themes leading readers to a deeper appreciation of the Bible so that we might hear God speak through it and find its words to be life-changing and life-giving

A Theology of Justice in Exodus Nathan Bills,2020-10-16 This book traces the theme of justice throughout the narrative of Exodus in order to explicate how yhwh s reclamation of Israel for service worship reveals a distinct theological ethic of justice grounded in yhwh s character and Israel s calling within yhwh s creational agenda Adopting a synchronic text immanent interpretive strategy that focuses on canonical and inner biblical connections Nathan Bills identifies two overlapping motifs that illuminate the theme of justice in Exodus First Bills considers the importance of Israel s creation traditions for grounding Exodus s theology of justice Reading Exodus against the backdrop of creation theology and as a continuation of the plot of Genesis Bills shows that the ethical disposition of justice imprinted on Israel in Exodus is an application of yhwh s creational agenda of justice Second Bills identifies an educational agenda woven throughout the text The narrative gives heightened attention to the way yhwh catechizes Israel in what it means to be the particular beneficiary and creational emissary of yhwh s justice These interpretative lenses of creation theology and pedagogy help to explain why Israel s salvation and shaping embody a programmatic applicability of yhwh s justice for the wider world This volume will be of substantial interest to divinity students and religious professionals interested in the themes of exodus exile and return

An History of the Holy Bible Thomas Stackhouse,1787

Reconsidering Creation Ex Nihilo in Genesis 1 Nathan J. Chambers,2020-10-19 There is a broad consensus among biblical scholars that creation ex nihilo from nothing is a late Hellenistic concept with little inherent connection to Genesis 1 and other biblical creation texts In this book Nathan J Chambers forces us to reconsider the question arguing in favor of reading this chapter of the Bible in terms of ex nihilo creation and demonstrating that there is a sound basis for the early Christian development of the doctrine Drawing on the theology of Augustine of Hippo and Thomas Aquinas Chambers considers what the ex nihilo doctrine means and does in classical Christian dogma He examines ancient Near Eastern cosmological texts that provide a potential context for reading Genesis 1 Recognizing the distance between the possible historical and theological frameworks for interpreting the text he illuminates how this doctrine developed within early Christian thought as a consequence of the church s commitment to reading Genesis 1 as part of Christian Scripture

Through original close readings of the chapter that engage critically with the work of Jon Levenson Hermann Gunkel and Brevard Childs Chambers demonstrates that far from precluding interpretive possibilities reading Genesis 1 in terms of creation from nothing opens up a variety of interpretive avenues that have largely been overlooked in contemporary biblical scholarship Timely and innovative this book makes the case for a new or recovered framework for reading Genesis 1 that will appeal to biblical studies scholars and seminarians *Harvard College Alumni Writings.
