Creation Of The Return Of Christ:

The Spiritual Return of Christ Within the Church. Papers on Christian Theism Richard De Bary, 1907 **Theophany**
Hilary Anne-Marie Mooney, 2009 Hilary Anne Marie Mooney investigates the notion of theophany in the writings of the early medieval thinker Johannes Scottus Eriugena She focuses on the creative impulses which he draws from the Scripture and she investigates the influence of theological and philosophical thinkers of the first six Christian centuries on Eriugena The author considers those passages of Eriugena s writings in which the precise term theophany is used as well as other passages in which the term does not occur but which are nonetheless imbued with the notion of a theophanic appearing of God These traces of theophanic understanding of the revealing of God are considered within Eriugena s oeuvre as a whole including his biblical commentaries In her study the author maintains that a theophanic structure characterized by four recurring facets may be unearthed in Eriugena s theology of the revealing of God In the various contexts within which he writes about this divine revealing in his theology of creation his anthropology his account of the relationship between human beings and God as seen from the perspective of a Christian spirituality it is the notion of theophany which he uses to illuminate the relationship between that which is created and its creator In doing so he bequeaths a rich theological analysis of the appearing of God to subsequent generations of theologians and shows himself to be both a coherent and creative thinker

From Creation To Christ's Return Richard T Stansberry, 2025-10-13 From the dawn of Creation to the visible return of Jesus Christ From Creation to Christ s Return takes readers on an in depth journey through God s redemptive plan for humanity Grounded in Scripture and the historical chronology of James Ussher this book explores the origin of the world the fall of man the unfolding of human history and the ultimate hope of eternal fellowship with God Every chapter reveals God s plan of salvation showing how His mercy and justice work together to redeem fallen humanity The book covers key biblical events including Adam and Eve Cain and Abel Noah and the Flood Abraham and the patriarchs the life and ministry of Moses the kings and prophets of Israel and the life death and resurrection of Jesus Christ Readers will see how God s promises were fulfilled throughout history and how they point to the eternal hope awaiting believers Rejecting unbiblical teachings such as the secret rapture and a literal 1 000 year millennial reign this book presents Christ s return as a singular visible and decisive event It emphasizes the eternal state new heavens and a new earth where the redeemed dwell in perfect fellowship with God free from sin suffering and death With rich detail historical insight and deep biblical reflection From Creation to Christ s Return is more than history it is a guide for living faithfully embracing God s plan and seeing life and the world through the lens of eternity Perfect for believers seekers and anyone wanting a full understanding of God s unfolding plan this book inspires hope faith and a life devoted to His glory **Hope and History** David Collits, 2026-01-22 The book exposes the rift in Catholic fundamental theology by examining the hope history debate prosecuted by the Communio and Concilium schools *Imago Dei: Man/Woman Created in the Image of God* George Hobson, 2019-09-30 The question What is

human nature is in vogue today Like everything else this concept is being deconstructed in the context of the reigning ideology of individualistic materialism Is there a fixed human nature or is this simply a manipulatable social construct with no objective reference This book says Yes there is the imago Dei man woman created in the image of God Hobson argues that this text from Genesis 1 26 28 is a God given anthropological revelation that establishes the relational bond of human beings with their Creator and also with his creation for which the imago equips us to be responsible stewards Many of Hobson s essays were delivered as talks in parishes They explore from multiple angles the import of the imago Dei for theological and sacramental reflection apologetics aesthetics art and at a hands on practical level for pastoral counseling and inner healing His texts one of which opens with a discussion of genocide contain incisive critiques of the dark side of modernity alongside wide ranging demonstrations of the pertinence of the imago Dei to the current debates about human dignity and rights His book is a ringing call to the church to take the measure of the value of this anthropological revelation for its proclamation of the gospel
