Creatio Ex Nihilo Gerhard May, 2004-07-09 A unique study challenging the assumption that the doctrine of creation out of nothing was inherited by Christianity along with the Jewish scriptures which the Church adopted **Encountering Evil**

Stephen T. Davis, 2001-01-01 Eight prominent philosophers and theologians confront the problems posed by natural and human evil for theistic belief Each thinker sets out his or her theodicy and its connections to current social and philosophical debates The other contributors then offer critiques of each theodicy to which its author subsequently responds The result is a valuable introduction to philosophical and theological perspectives on contemporary evil and to the nature of discourse in the philosophy of religion *God of the Atoms* Francis P. Xavier, 2006 **The Strength of Faith - Christian Omnibus** St.
