Creation In Christ:

Dynamics of the new Creation with study notes Tony Smits, Tony Smits B.Th, 2011 **The New Creation in Christ** Alfred Prempeh-Dapaah, 2016-04-30 What actually makes a person become a new creation in Christ and what should be the lifestyle of the new creation in Christ This book reveals some of the realities of the new creation in Christ that can be compared to a metamorphosis Knowing what makes a person become a new creation in Christ is the beginning of a good strong and successful Christian life It helps the person to identify themselves and what they have to accomplish God purposed plan of life for them in Christ Good to be read by the just born again and all that seeks to grow into spiritual maturity *God's Workmanship* Frank E. Lasater Jr., 2014-08-21 We cannot know God in depth without recognizing and acknowledging His absolute glorious sovereignty over all things in all times and in every aspect of our lives He is Lord and His will reigns supreme When we finally come to this conclusion when our thoughts prayers and daily actions finally align at last with the teachings of Scripture on this most important matter we will know Him better As a consequence the good works to which we were ordained in the new birth will glorify God in His sovereignty **Creation and Christ** Angela Costley, 2020-11-09 The Epistle to the Hebrews is usually associated with its theology of Christ the High Priest However the term high priest is not so common in the first four chapters of Hebrews occurring only four times with a further reference to sacrifice in 1:3 Rather than emphasising the priestly or sacrificial activity of Christ these opening sections contain a number of references to creation 1:2 3:10 12:2 5:9 10:3 1:6 4:3 4:4 and 4:9 10 In this volume Angela Costley uses discourse analysis to explore the importance of the topic of creation to the discourse of the Epistle to the Hebrews uncovering a close link between creation and salvation She highlights the interaction of the topic of creation with the topic of salvation in the discourse to uncover a depiction of Christ as the creator who descends to take on human flesh God who becomes human in order to lead humanity heavenward **Christ and Creation** Colin E. Gunton, 2005-06-09 The relation the connection between Christ and creation is the subject of this book which author Colin Gunton describes as a summary dogmatic christology Central to Gunton's christology are a strong incarnation creation link and the doctrine of the Holy Spirit Constituting the published version of the 1990 Didsbury Lectures delivered by Gunton at British Isles Nazarene College Christ and Creation offers thought provoking reflections on major theological themes and realities creation redemption the Trinity horizontal and vertical relatedness Christ's incarnation virgin birth passion crucifixion resurrection and ascension election freedom the Kingdom of God and the church Weaving pneumatological teleological eschatological anthropological and ecological strands into his christology Gunton draws from and interacts with a wide range of theologians from ancient to modern Paul Irenaeus Augustine Anselm Aquinas Calvin Schleiermacher Barth Moltmann Pannenberg Thomas Torrance John Robinson and many others **The World as Creation** Emily Binns, 1990 **Christian Ethics** Newman Smyth, 1907 Creation Centred in Christ Henry Grattan Guinness, 1896 **The Gospel in Creation** Ellet Joseph Waggoner, 1999-06 The Gospel in Creation is

a nicely illustrated work setting forth clearly and simply the relation between God's work in creation and redemption. The signs of power and greatness that mark the handiwork of God in the visible universe are shown to be but indications of the unfailing strength with which He works in the lives of those who submit to His will. The confirmation of the truths of the gospel drawn from the study of the creation will make this book a valuable one to all who are watching with interest the attacks that are now made on the authority of the Bible.

Theological Interpretation of Scripture as Spiritual Formation, 2022-12-19

Academic expertise is essential. But have you ever wondered how it itself is spiritually formative? This book, coming from an interdisciplinary assortment of scholars, shows how the exegetical methods of Theological Interpretation of Scripture (TIS) are themselves spiritually formative. This book provides a diverse collection of essays that focus on theological interpretative methods that result in a unique transformational experience not achieved through historical-critical or grammatical-historical approaches alone. Renowned thinkers such as biblical scholar Ben Witherington III, historical theologian Mark Elliott, and theologian Arthur Sutherland offer new works that explore how reading theologically can transform theology, cultures, and individuals. These new studies focus on the theological exegesis of such thinkers as Mother Teresa, Thomas Aquinas, Ignatius of Antioch, and Clement of Alexandria. The collection also includes several important and timely pieces that show how theological interpretation leads to moral formation within diverse cultural groups, including African American and Latinx communities.

The Essence of the Christian Worldview Matt DeLockery, 2021-04-28

Every group within Christianity has its own opinions on what Christianity really is. But who's right if anyone? With the letter to the Colossians, we have an opportunity to find an answer. Paul compares Christianity to another worldview and argues that Christianity is better. This book uses that comparison in order to understand Paul's Christian worldview. In this book, you will also find answers to some very difficult questions: 1. What is God's ultimate purpose for humanity? 2. Do we just do things because God told us to? 3. Why does Paul tell wives to obey their husbands? 4. Why does Paul tell slaves to obey their masters? 5. Why does God care what we do at all? 6. Why does God command these particular actions? 7. Why would we want to follow God's commands anyway? 8. How does following God's commands actually make us better people? Christianity is the point at which God acted through Christ to fix what was wrong with creation and bring the whole story to a different conclusion. In this book, you will see the big picture of

Christianity and how all the dots connect from start to finish.

[Christ of the Creation Days](#) Gregory J. Girard, 2017-08-02

Christ of the Creation Days by Greg Girard. I have long been fascinated by the great types of Scripture, not clever connections invented by over-ingenious preachers, but the patterns that underlie the way God repeatedly works both in the people and the events of the Bible. Some of them are quite explicit. Others you don't see till they are pointed out to you, and then you wonder how you could have missed them. The more we see one part of Scripture underlining another in what I think of as the repeat of patterns, the greater its integrity is seen to be, and the clearer its message. Greg Girard opens our eyes to a set of

correspondences that could not be more basic to the biblical revelation of God Should it surprise us that the sequence of his creative action in the making of the world should be the same shape as the sequence of his redemptive action in revealing himself to his people Yet I for one had never made the connection The creation of light the separation of land and sea the stars of heaven the man appointed to rule all that lives of course these images reappear elsewhere but had you noticed where and at what crucial points in the Bible story The author deserves our thanks for this illuminating and inspiring study Michael Wilcock author of five titles in the Bible Speaks Today series InterVarsity Press and other books of Bible exposition

Attending the Wounds on Christ's Body Elizabeth Newman,2012-10-18 The disunity of the church is a social and theological scandal for it betrays the prayer of Jesus that we will be one so that the world will believe John 17 21 As a Baptist whose academic background focused on the Orthodox Church and whose teaching has included Catholic and Protestant contexts this division is for Elizabeth Newman personal and professional Attending to the Wounds on Christ s Body rests on the conviction that the broad tradition of Christianity already contains resources to heal the church namely the saints of the church Newman examines especially how Teresa of Avila 1515 1582 speaks to the whole church today in the midst of political economic and ecclesial brokenness Teresa s reliance upon three scriptural figures dwellings marriage and pilgrimage helps make sense of an ecclesial way of life that is inherently unitive a unity that stands in contrast to that of the nation state or the global market Teresa s scriptural journey offers an alternative at once liturgical political and economic This Doctor of the Church provides medicine that can repair wounds of division that separate brothers and sisters in Christ

Christ the Heart of Creation Rowan Williams,2018-09-06 In this wide ranging book Rowan Williams argues that what we say about Jesus Christ is key to understanding what Christian belief says about creator and creation overall Through detailed discussion of texts from the earliest centuries to the present day we are shown some of the various and subtle ways in which Christians have discovered in their reflections on Christ the possibility of a deeply affirmative approach to creation and a set of radical insights in ethics and politics as well Throughout his life Rowan Williams has been deeply influenced by thinkers of the Eastern Christian tradition as well as Catholic and Anglican writers This book draws on insights from Eastern Christianity from the Western Middle Ages and from Reformed thinkers from Calvin to Bonhoeffer as well as considering theological insights sparked by philosophers like Kierkegaard and Wittgenstein Christ the Heart of Creation concerns fundamental issues for Christian belief and Williams tackles them head on he writes with pellucid clarity and shows his gift for putting across what are inevitably complex ideas to a wide audience

Seeking the Welfare of the City Naomi Noguchi Reese,2025-01-27 In the history of public theology the Holy Spirit s role in creation has been underexplored If the Holy Spirit is the agent of transformation in creation why have so many theologians neglected the Spirit s activity in the context of public theology One of the causes of such neglect derives from a long held belief in dualism or its assumption As a result generally speaking theologians have neglected the eschatological

aspect of the Spirit's work over creation and instead have devoted much of their attention to the immanent spiritual aspect of the Spirit's work. Hence a theology is needed that recaptures the eschatological aspect of the Spirit's work over creation and Colin E. Gunton's pneumatology that is trinitarianly formulated and eschatologically conceived brings a fresh approach to public theology and moves us toward a full-bodied holistic and trinitarian public theology that takes into account the triune God. This study attempts to draw upon the resources uncovered in Gunton's pneumatology to outline applications for Christian engagement of the public square for the twenty-first century. The book concludes with criteria for discerning the Spirit's work in the public square to give us practical ways to see how the Spirit may be working in the public square for transformation.
