The Creative Act Rick Rubin, 2023-01-17 The 1 New York Times bestseller A gorgeous and inspiring work of art on creation creativity the work of the artist It will gladden the hearts of writers and artists everywhere and get them working again with a new sense of meaning and direction A stunning accomplishment Anne Lamott From the legendary music producer a master at helping people connect with the wellsprings of their creativity comes a beautifully crafted book many years in the making that offers that same deep wisdom to all of us I set out to write a book about what to do to make a great work of art Instead it revealed itself to be a book on how to be Rick Rubin Many famed music producers are known for a particular sound that has its day Rick Rubin is known for something else creating a space where artists of all different genres and traditions can home in on who they really are and what they really offer He has made a practice of helping people transcend their self imposed expectations in order to reconnect with a state of innocence from which the surprising becomes inevitable Over the years as he has thought deeply about where creativity comes from and where it doesn t he has learned that being an artist isn t about your specific output it s about your relationship to the world Creativity has a place in everyone s life and everyone can make that place larger In fact there are few more important responsibilities The Creative Act is a beautiful and generous course of study that illuminates the path of the artist as a road we all can follow It distills the wisdom gleaned from a lifetime s work into a luminous reading experience that puts the power to create moments and lifetimes of exhilaration and transcendence within closer reach for all of us
