The 8th International Conference on Advanced Machine Learning and Technologies and Applications

(AMLT2022) Aboul Ella Hassanien, Rawya Y. Rizk, Václav Snášel, Rehab F. Abdel-Kader, 2022-04-16 This book constitutes the refereed proceedings of the 8th International Conference on Advanced Machine Learning Technologies and Applications AMLTA 2022 held in Cairo Egypt during May 5-7 2022. The 8th edition of AMLTA will be organized by the Scientific Research Group in Egypt (SRGE) Egypt collaborating with Port Said University Egypt and VSB Technical University of Ostrava Czech Republic. AMLTA series aims to become the premier international conference for an in-depth discussion on the most up-to-date and innovative ideas, research projects, and practices in the field of machine learning technologies and their applications. The book covers current research on advanced machine learning technology, including deep learning, sentiment analysis, cyber-physical systems, IoT, and smart cities, informatics, and AI against COVID-19, data mining, power and control systems, business intelligence, social media, digital transformation, and smart systems. **Living and Learning**, 1999

Mid-year Conference Proceedings Advertising Research Foundation, 1977. *Proceedings of the International Conference on Marching Beyond the Libraries: Talent, Technology, and Transformation (ICMBL 2025)* Bijayalaxmi Rautaray, Dillip K. Swain, Chandrakanta Swain, 2026-04-27. This is an open access book. Talent: It's high time for LIS researchers to focus on talent management with the objective of influencing library and information management by addressing the key facets of talent management, such as talent management strategies, importance of career development, evaluation of talented employees, and organizational resilience. The theme underscores the need for organizations to adopt proper talent management strategies to, in the wake of establishing creative environments, promote innovative programming and engage users in new and exciting ways. Technology: It is the need of the hour for libraries to adopt latest information communication technologies in the practice of librarianship to establish connectivity with the users' community round the clock through social media platforms transcending beyond the physical space of library through innovative library services to meet the evolving needs of users. The conference theme delves into groundbreaking approaches to library services, including the implementation of emerging technologies, data analytics, and the development of user-centric services for ensuring healthy connectivity with the users by closing the gap of digital divide. Transformation: Modern Library and information science has transcended beyond the conventional practice of storing and disseminating information and knowledge. Libraries are no longer confined to being mere repositories of books and documents; they have become dynamic spaces that encourage continuity in adopting latest information technologies into the practice of librarianship through creativity, innovation, and intellectual exploration in a continuous and forward-looking manner for meeting the timely information needs of students, research scholars, and teachers. This Conference theme serves as a rallying call for the global library community to reflect on its role in society and chart a course towards a future characterized by talent, technology, and transfer for ensuring innovative

services to the users community Participants can anticipate engaging discussions valuable insights and collaborative opportunities that will shape the future of libraries in the 21st century
