Suárez, 2024 Often described as an art of abstraction and subjective introspection experimental film is also invested in exploring daily objects and materials and in channeling in the process a peculiar perception of the modern everyday that this book calls queer materiality Queer materiality designates the queer latency of modern material culture which often inspired queer artists and filmmakers to envision wayward bodies and behaviors and refers to the way in which sexual and social dissidence was embedded in the objects technologies substances and spaces that make up the hardware of experience This book studies a rich archive of queer material engagements in work by well known filmmakers such as Andy Warhol Barbara Hammer Carolee Schneemann and Jack Smith as well as under recognized figures such as Tom Chomont Jim Hubbard Ashley Hans Scheirl and Teo Hernandez Combining history formal analysis and theoretical reflection author Juan A Suárez shows how plastics glitter mechanical ensembles urban ruins garbage amphetamine film grain and noise have been mobilized in the articulation of queerness for the screen Experimental Film and Queer Materiality is an inquiry into the liveliness of matter and into the interface between sexuality and the material world Experimental Cinema Wheeler W. Warhol Keith S. Hartley,Andy Warhol,2007 Andy Warhol 1928 1987 is one of the seminal artists of the twentieth century The twin themes of life and death are central to an understanding of his work In his art he celebrated the richness of modern life from everyday consumer products to iconic images of celebrities and movie stars He was equally fascinated by death in all its guises the high profile death of Marilyn Monroe the political assassination of President Kennedy and its effect on the widow the gruesome death of car crashes and suicides and death as a universal symbol in his paintings of skulls This book which marks the eightieth anniversary of Andy Warhol s birth and the twentieth anniversary of his death

covers the whole spectrum of his work and includes the early drawings produced when he was a graphic artist his celebrity portraits from the 1960s onwards his films and installations and his most iconic work such as Campbell's Soup Cans Brillo Boxes and his screenprints of Marilyn Monroe Liz Taylor and Elvis Presley

Our Kind of Movie Douglas Crimp, 2012-03-02 A celebrated writer on contemporary art and queer culture argues that Andy Warhol's films enable us to see differently and to see a different world We didn't think of our movies as underground or commercial or art or porn they were a little of all of those but ultimately they were just our kind of movie Andy Warhol Andy Warhol was a remarkably prolific filmmaker creating more than 100 movies and nearly 500 of the film portraits known as Screen Tests And yet relatively little has been written about this body of work Warhol withdrew his films from circulation in the early 1970s and it was only after his death in 1987 that they began to be restored and shown again With Our Kind of Movie Douglas Crimp offers the first single authored book about the full range of Andy Warhol's films in forty years and the first since the films were put back into circulation In six essays Crimp examines individual films including Blow Job Screen Test No 2 and Warhol's cinematic masterpiece The Chelsea Girls perhaps the most commercially successful avant garde film of all time as well as groups of films related thematically or otherwise films of seductions in confined places films with scenarios by Ridiculous Theater playwright Ronald Tavel Crimp argues that Warhol's films make visible new queer forms of sociality Crimp does not view these films as cinematic documents of Warhol's milieu or as camera abetted voyeurism but rather as exemplifying Warhol's inventive cinema techniques his collaborative working methods and his superstars unique capabilities Thus if Warhol makes visible new social relations Crimp writes that visibility is inextricable from his making a new kind of cinema In Our Kind of Movie Crimp shows how Warhol's films allow us to see against the grain to see differently and to see a different world a world of difference

Andy Warhol's Factory People Book I Catherine O'Sullivan-Shorr, 2014-05-14 Andy Warhol's Factory People is a three part oral history that tells the story of Warhol's famous 1960s Silver Factory as told by the friends superstars and foes who worked with partied with filmed with and slept with Andy from 1964 to 1968 in the Factory Book I Welcome to the Silver Factory Book II Speeding into the Future Book III Your 15

Minutes are Up In Book I the Silver Factory era begins in 1963 64 Andy Warhol Ever wonder what all the fuss was and still is about So much has been written about this art colossus his obsession with celebrity his sloppy silk screens of Marilyn and Liz and Brando his endless Campbell soup cans and Coca Cola bottles his mind numbing movies that there are those who feel his fifteen minutes of fame should have been up long ago Instead he has become a lasting icon of popular taste As the New Yorker s art critic Peter Schjeldahl wrote in his review of the Metropolitan Museum s huge 2012 show of Warhol and his impact on 60 other artists Like it or not we are all Warholian The familiar soup cans along with the cokes cows fatal car crashes flowers and Brillo boxes were all prominently featured in our three hour documentary Andy Warhol s Factory People which spans the years 1964 to 1968 arguably the artist s busiest and most creative period As were the familiar superstars he made famous superstars like Viva and Edie Sedgwick and Ultra Violet and Nico and the Velvet Underground But what set apart our film and now distinguishes our book from the many other books about Warhol is that we also tracked down the forgotten Factory people the remarkable and often bizarre assortment of people who were behind Warhol s unprecedented rise to spectacular success These people often paid a price for linking their destinies to the gifted but frustrated graphic artist who decided in the early sixties to start Pop art because he hated Abstract Expressionism
