Averis being a special metal made entirely by elves The skirt has individual scaled plates of its own and both the chest plate and skirt together exposed her midsection On her head was a tiara All of the armor was fit perfectly to her small but muscular tone frame Her hair was blond and short barely reaching her elegant shoulders and was combed back She stood there beside the older woman with two elegantly curved shortswords held backward in each hand The army stood in wait on top of a hill overlooking a dark fort a half a mile away surrounded by numerous monsters of many types and configurations but all an ugly twisted human form The two women in front stood there for the longest time saying nothing and not moving an inch All that could be heard was the sound of thunder and the rain hitting their armor Just then the silence was broken by the eldest woman in front She said Neiren The younger woman turned to her in response I want you to do something for me The younger woman looked at her with deep concern
