Anticolonialism, race and violence in Basque radical nationalism (1892-1936) Maria Reyes Baztán, 2026-01-26 An Open Access edition of this book will be available on the Liverpool University Press website and the OAPEN library as part of the Opening the Future project with COPIM This is the first in depth study of the origins and development of anticolonial language and rhetoric within early Basque radical nationalism The monograph traces the waxing and waning of anticolonial ideas during the first few decades of the Basque nationalist movement through a close examination of Basque periodicals This close examination of Basque anticolonialism which is studied in parallel to that of key moments of global anticolonialism allows us to understand the Basque radical ideology better including the strategic character of its recurrent anticolonial language The monograph argues that despite the undeniable presence of anticolonial ideas within the movement Basque anticolonialism was more strategic than heartfelt This strategic use of anticolonial rhetoric explains why from the start of the movement Basque nationalists mixed anticolonial rhetoric with imperialist racist and sometimes Orientalist discourses By unpacking the set of complex and often contradictory ideas that existed in the Basque anticolonial corpus this book offers a first glimpse into the complexities of European anticolonialism The monograph also explores how Basque radicals began to consider different strategies used in colonial settings including violence when forcing analogies between the Basques and other colonised nations Anti colonialism violence and race are the main themes of this book The Mexican Filmography, 1916 through 2001 David E. Wilt, 2024-10-17 Mexican cinema has largely been overlooked by international film scholars because of a lack of English language information and the fact that Spanish language information was difficult to find and often out of date This comprehensive filmography helps fill the need Arranged by year of release and then by title the filmography contains entries that include basic information film and translated title production company genre director cast a plot summary and additional information about the film Inclusion criteria a film must be a Mexican production or co production feature length one hour or more silent films excepted fictional documentaries and compilation films are not included unless the topic relates to Mexican cinema some docudramas and films with recreated or staged scenes are included and theatrically released or intended for theatrical release **La imagen de los inmigrantes en la ficción televisiva de prime time** MARCOS RAMOS, María, 2014-12-01 Esta tesis analiza la imagen de la inmigración en la ficción televisiva de prime time analizando para ello casi 3 000 personajes de ficción siendo la mayor muestra hasta la fecha que se ha empleado en España para un estudio sobre inmigración Se pretende comprobar si la aparición del fenómeno migratorio se caracteriza como concluyeron el resto de investigaciones realizadas por la distorsión la mirada prejuiciosa la infrarrepresentación y la asociación en general con valores negativos Gracias a los cuatro estudios realizados tres de corte cuantitativo y uno de corte cualitativo la tesis intenta cubrir varios aspectos relacionados con la representación de los inmigrantes en la ficción audiovisual Así se analiza la imagen que se ofrece de los inmigrantes el tipo de interacciones que

este tipo de personajes establece con los nacionales y el modo de creaci n de personajes tanto a nivel te rico como pr ctico

*Forbidden Prayer* Giorgio Caravale,2016-04-22 This book delineates the attempt carried out by the Congregations of the Inquisition and the Index during the sixteenth and early seventeenth century to purge various devotional texts in the Italian vernacular of heterodox beliefs and superstitious elements while imposing a rigid uniformity in liturgical and devotional practices The first part of the book is focused on Rome s anxious activity toward the infiltration of Protestant ideas in vernacular treatises on prayer meant for mass consumption It next explores how only in the second half of the sixteenth century once Rome s main preoccupation toward Protestant expansion had subsided the Church could begin thinking about a move from a rejection of any consideration of the merits of interior prayer to a recovery and acceptance of mental prayer The final section is dedicated to the primary objective of the Church s actions in purging superstitious practices which was not simply the renewal of the spiritual life of the faithful but also the control of the religious and social life of many faithful who were uneducated Based on a careful examination of the archival records of the two Roman dicasteri in question many of which have only been accessible to scholars since 1998 as well as a close reading of the many of suspect devotional texts themselves this book offers a fascinating contribution towards a fuller appreciation of the complex landscape that characterized the spiritual realities of early modern Italy
