and offers concrete proposals for radical democratic change Based on insightful readings of renowned abolitionists such as Michel Foucault Liat Ben Moshe and Angela Y Davis *Prison Abolition for Realists* illuminates the realist aspects of their approaches as well as the important differences between them Distinguishing between paranoid purist and agonistic styles of abolitionism Terwiel argues that an agonistic approach holds the most promise for democratic change to carceral systems Embodied in the work of Davis agonistic abolitionism combines radical critique with efforts to build new democratic institutions while accepting that all political achievements will be imperfect Pursuing examples of what this looks like in practice Terwiel explores grassroots transformative justice efforts like those of Communities Against Rape and Abuse She also proposes a right to comfort to support incarcerated people s demands for air conditioners in extremely hot prisons showing how state institutions civil law and rights claims can be potential resources for abolitionists Nuanced and illuminating *Prison Abolition for Realists* affirms abolition s viability during a time of multiple ongoing crises While many despair at the state of the world Terwiel reveals how abolition offers an actionable politics of the possible Far from being unrealistic abolition is an indispensable part of a realist politics Retail e book files for this title are screen reader friendly with images accompanied by short alt text and or extended descriptions Retail e book files for this title are screen reader friendly with images accompanied by short alt text and or extended descriptions
