Anger Beyond The Negro Writer In The U:

The Afro-Modernist Epic and Literary History K. Schultz, 2013-11-19 Analyzing the poets Melvin B Tolson Langston Hughes and Amiri Baraka this study charts the Afro Modernist epic Within the context of Classical epic traditions early 20th century American modernist long poems and the griot traditions of West Africa Schultz reveals diasporic consciousness in the representation of African American identities *A Companion to Modernist Poetry* David E. Chinitz, Gail McDonald, 2014-03-31 A COMPANION TO MODERNIST POETRY A Companion to Modernist Poetry A Companion to Modernist Poetry presents contemporary approaches to modernist poetry in a uniquely in depth and accessible text The first section of the volume reflects the attention to historical and cultural context that has been especially fruitful in recent scholarship The second section focuses on various movements and groupings of poets placing writers in literary history and indicating the currents and countercurrents whose interaction generated the category of modernism as it is now broadly conceived The third section traces the arcs of twenty one poets careers illustrated by analyses of key works The Companion thus offers breadth in its presentation of historical and literary contexts and depth in its attention to individual poets it brings recent scholarship to bear on the subject of modernist poetry while also providing guidance on poets who are historically important and who are likely to appear on syllabi and to attract critical interest for many years to come Edited by two highly respected and notable critics in the field A Companion to Modernist Poetry boasts a varied list of contributors who have produced an intense focused study of modernist poetry **Approaches to Teaching Baraka's Dutchman** Matthew Calihman, Gerald Early, 2018-05-01 Offers pedagogical techniques for teaching the play Dutchman by Amiri Baraka LeRoi Jones in college literature drama and film courses including consideration of race gender black arts and other literary movements the blues and popular music and African American history Gives syllabus suggestions for undergraduate and graduate courses **Split-Gut Song** Karen Jackson Ford, 2015-09-15 A deft study of the evolving literary aesthetic of one of the first avant garde black writers in America In Split Gut Song Karen Jackson Ford looks at what it means to be African American free and creative by analyzing Jean Toomer s main body of work specifically his groundbreaking creation Cane When first published in 1923 this pivotal work of modernism was widely hailed as inaugurating a truly artistic African American literary tradition Yet Toomer s experiments in literary form are consistently read in terms of political radicalism protest and uplift rather than literary radicalism Ford contextualizes Toomer s poetry letters and essays in the literary culture of his period and through close readings of the poems shows how they negotiate formal experimentation imagism fragmentation dialect and traditional African American forms slave songs field hollers call and response sermons lyric poetry At the heart of Toomer s work is the paradox that poetry is both the saving grace of African American culture and that poetry cannot survive modernity This contradiction Ford argues structures Cane wherein traditional lyric poetry first flourishes then falters then falls silent The Toomer that Ford discovers in Split Gut Song is a complicated contradictory poet who brings his

vexed experience and ideas of racial identity to both conventional lyric and experimental forms Although Toomer has been labelled a political radical Ford argues that politics is peripheral in his experimental stream of consciousness work Rather Toomer exhibits a literary radicalism as he struggles to articulate his perplexed understanding of race and art in 20th century America

Radical History Review: Volume 70 ,1998-06-04 Feature articles in this issue include Women and Guilds in Bologna The Ambiguities of Marginality by Dora Dumont Unpacking the First Person Singular Negotiating Patriarchy in Nineteenth Century Chile by Andy Daitzman Culture Wars Won and Lost Part II Ethnic Museums on the Mall by Fath Davis Ruffins a continuation of an article published in RHR 68 and All the Intensity of My Nature Ida B Wells and African American Women s Anger in History by Patricia A Schechter

Beyond Redemption Carole Emberton,2013-06-10 In the months after the end of the Civil War there was one word on everyone s lips redemption From the fiery language of Radical Republicans calling for a reconstruction of the former Confederacy to the petitions of those individuals who had worked the land as slaves to the white supremacists who would bring an end to Reconstruction in the late 1870s this crucial concept informed the ways in which many people both black and white northerner and southerner imagined the transformation of the American South Beyond Redemption explores how the violence of a protracted civil war shaped the meaning of freedom and citizenship in the new South Here Carole Emberton traces the competing meanings that redemption held for Americans as they tried to come to terms with the war and the changing social landscape While some imagined redemption from the brutality of slavery and war others like the infamous Ku Klux Klan sought political and racial redemption for their losses through violence Beyond Redemption merges studies of race and American manhood with an analysis of post Civil War American politics to offer unconventional and challenging insight into the violence of Reconstruction
