[Gone Crazy in Alabama](#) , **The Real South** Scott Romine, 2008-06 In this stimulating study Scott Romine explores the impact of globalization on contemporary southern culture and the South's persistence in an age of media and what he terms cultural reproduction Rather than being compromised Romine asserts southern cultures are both complicated and reconfigured as they increasingly detach from tradition in its conventional sense In considering Souths that might appear fake the Souths of the theme restaurant commercial television and popular regional magazines for example Romine contends that authenticity and reality emerge as central concepts that allow groups and individuals to imagine and navigate social worlds Romine addresses a major critical problem authenticity in a fundamentally new manner Less concerned with what actually constitutes an authentic or real South than in how these concepts are used today The Real South explores a wide range of southern narratives that describe and travel through virtual simulated and commodified Souths Where earlier critics have tended to assume a real or authentic South Romine questions such assumptions and whether the authentic South ever truly existed From *Gone with the Wind* Civil War reenactments and a tennis community outside Atlanta called Tara to the work of Josephine Humphreys the travel narrative of V S Naipaul and the historical fiction of Lewis Nordan Romine examines how narratives and spaces are used to fashion social solidarity and cultural continuity in a time of fragmentation and change Far from deteriorating or disappearing in a global economy Romine shows the South continues to be reproduced and used by diverse groups engaged in diverse cultural projects

as cookbooks and even one film Pixar's *Ratatouille* [The Real Steele: The Unauthorized Biography of Dakota Johnson](#) Marc Shapiro, 2015-02-09 Those who don't believe in miracles should take a look at what brought Dakota Johnson from obscurity to the pinnacle of stardom as Anastasia Steele in the motion picture *Fifty Shades of Grey*. But who is Dakota Johnson? A surprisingly accomplished and driven actress. This is not some celebrity kid given a plum role because of her connections to old world Hollywood. In *The Real Steele: The Unauthorized Biography of Dakota Johnson* you'll see how she went from a life of tranquility and yes, privilege at the feet of superstar parents Don Johnson and Melanie Griffith to a determination to succeed that has led her down many paths. First there was a career as an international model, then to growing recognition in a string of successful studio and independent films, and finally to her big break in *Fifty Shades of Grey*. Johnson has proven a literal force of nature, always moving forward and always using a natural sense of positive energy to dissuade the naysayers who would line up to take her down. Through exclusive interviews with childhood friends and acting coaches, Marc Shapiro has put Johnson's life and times much like the actress herself in a straightforward and always enticing biography.

Race Mixing Suzanne W. Jones, 2004-03-16 Employing a dynamic model of the relationship between text and context, Jones shows how more than thirty relevant writers, including Madison Smartt Bell, Larry Brown, Bebe Moore Campbell, Thulani Davis, Ellen Douglas, Ernest Gaines, Josephine Humphreys, Randall Kenan, Reynolds Price, Alice Walker, and Tom Wolfe, illuminate the complexities of the color line and explore problems in defining racial identity today. **New York**, 1999 **Flannery at the Grammys** Irwin H. Streight, 2024-06-20 A devout Catholic, a visionary, and some say prophetic writer, Flannery O'Connor (1925-1964) has gained a growing presence in contemporary popular culture. While O'Connor professed that she did not have an ear for music, allusions to her writing appear in the lyrics and narrative form of some of the most celebrated musicians on the contemporary music scene. *Flannery at the Grammys* sounds the extensive influence of this southern author on the art and vision of a suite of American and British singer-songwriters and pop groups. Author Irwin H. Streight invites critical awareness of O'Connor's resonance in the products of popular music culture in folk, blues, rock, gospel, punk, heavy metal, and indie pop songs by some of the most notable figures in the popular music business. Streight examines O'Connor's influence on the art and vision of multiple Grammy Award winners: Bruce Springsteen, Lucinda Williams, R.E.M., and U2, along with celebrated songwriters Nick Cave, PJ Harvey, Sufjan Stevens, Mary Gauthier, Tom Waits, and others. Despite her orthodox religious and at times controversial views and limited literary output, O'Connor has left a curiously indelible mark on the careers of the successful musicians discussed in this volume. Still, her acknowledged influence and remarkable presence in contemporary pop and rock songs has not been well noted by pop music critics and/or literary scholars. Many years in the making, *Flannery at the Grammys* achieves groundbreaking work in cultural studies and combines in depth literary and pop music scholarship to engage the informed devotee and the casual reader alike.
