

THOMAS J. O'DONNELL

They found an isolated spot.
He told his stepbrother to
dig a hole, five or six feet
long, to get in and try it on
for size. Then he pointed his
gun at his stepbrother,
the kid who drove
his mother
crazy....

Crazymaker The Shocking Story Of Murder:

Crazymaker: the Shocking True Story of Murder Thomas J. O'Donnell,1992 **Crime Beat** ,1993 *Crazymaker*

Thomas J. O'Donnell,1992 An account of the brutal murder of Chris Hobson describes how Hobson s stepmother conspired with her son to kill her stepson driving him to a remote place making him dig his own grave and shooting him in it Original

Deranged Harold Schechter,1990 **Without Mercy** Russell Ablow,2010-08-03 The New York Times bestselling psychologist and true crime author examines the twisted mind of a doctor driven to kill time and again Dr John Kappler was a well respected physician in dozens of California hospitals yet none of his patients ever imagined that his true calling was murder The horror began the day he secretly attempted to kill three patients including a pregnant woman who suffered permanent brain damage at his hands Then in a driving rampage Kappler rammed another car stole it and used it as a lethal weapon Yet incredibly his fellow doctors bailed him out of jail and he was soon back on the job Desperate to satisfy his lust for killing Kappler plunged a patient into cardiac arrest Next he pulled the plug on an unconscious man Finally he exploded in a terrifying rage of violence and murder Pressing the accelerator of his car to the floor he cut down a promising young doctor and seconds later maimed a toddler s mom for life In *Without Mercy* Keith Ablow examines Kappler s many crimes his eventual murder trial and his unsuccessful insanity defense

The Candy Cards Robert Brown,2019-11-25 How that man was able to go out to that storage shed time after time and bury one more dead boy is something I ll never understand You get close to evil like that no matter how long ago it was and it never leaves you Detective David Mullican recollecting the Houston Mass Murders April 2011 During the early 1970s more than three dozen teenage boys went missing from the working class neighborhood of Houston Heights in the south of Texas The parents of a number of these boys received strange postcards from their sons telling them that they were fine and that they had found jobs somewhere else in the state anywhere from Dallas to Austin Then in August 1973 the Houston Police Department made a shocking discovery something that would later become known as the Houston Mass Murders After further spine chilling investigations the police found that prior to the murders in the late 1960s a young man by the name of Dean Corll had been handing out free candy to teenagers in Houston Heights This man who was vice president of his mother s candy company was described by fellow residents as gentle friendly and well mannered They couldn t have been more wrong *The Candy Cards* is the shocking true story of Dean Corll a k a The Candy Man one of the deadliest serial killers in American history Robert Browns thrilling account of this chilling story will have readers draw into to this story as much as any page turning crime thriller Disclaimer The material in this publication has a strong adult theme and is intended for an adult audience Reader discretion is advised Depraved Harold Schechter,1994 Even as a child in Gilmanton New Hampshire Herman Mudgett was considered a lad with a future a boy who professed filial devotion while secretly fantasizing his parents deaths By age eleven he was conducting secret experiments on small animals and strays becoming skilled at disabling his subjects without killing them In 1886 he appeared

in the Chicago suburb of Englewood Illinois and introduced himself as Dr H H Holmes to the wife of the ailing owner of Holton s drugstore He was hired on the spot and under his management the store prospered But when Holmes s attempt to purchase the drugstore from Mrs Holton went sour and she sued him she inexplicably disappeared never to be seen or heard from again As Jack the Ripper was terrorizing London Holmes was building his infamous Castle a grandiose residence and veritable fortress bristling with battlements and turrets He hired and fired a succession of workmen to build the castle thus eliminating witnesses to its secrets a labyrinth of trapdoors winding passageways dark dead end halls stairways to nowhere bedchambers fitted with peepholes and asphyxiating gas pipes soundproof vaults and torture chambers greased chutes large enough to send human bodies from the living quarters to a cellar equipped with acid vats a crematorium a dissecting table and cases full of gleaming surgical tools Alternately donning the mantles of doctor druggist and inventor Holmes was also a get rich quick schemer and bigamist with three wives and innumerable lovers at least one of whom ended up a prize skeletal specimen sold to a medical college for nearly two hundred dollars But his increasing audacity and carelessness during his reign of terror led to his discovery and to The Trial of the Century in which Holmes finally confessed to twenty seven murders While he later recanted maintaining his innocence until his final breath he had already achieved immortality as the most monstrous criminal of his day

Eyes Of A Killer Maribel Blystone,2021-06-15 Angus Sinclair a sadistic rapist and serial killer from Scotland is the subject of this horrifying but compelling book The author s books are incredibly absorbing to read because of his writing style Like all good true crime books the research is exhaustive but to me an added edge is provided by the careful analysis of the criminal s psychopathy By meticulously elucidating the details of the mental machinations of his subjects the author is able to convey at least some understanding of what drove an individual like Angus Sinclair to commit the horrific acts for which he is known This approach also allows the book to read a bit more like a novel than a documentary style succinct summarization of facts Truth is stranger and in this case scarier than fiction and this story proves it

Deviant Harold Schechter,2005

Joel Rifkin Jack Rosewood,Rebecca Lo,2018-03-08 Joel Rifkin trolled the streets on Manhattan and Long Island under the cover of night searching for a way to ease the intense urges he couldn t deny Prostitutes were his targets and though some he allowed to live there were many who were much less fortunate Dismembered bodies were soon discovered but nobody could identify who was responsible for such despicable acts of murder and horror Until one night while Rifkin was disposing of his 17th victim he was finally caught One of the most famous serial killers Rifkin has shared some of his thoughts and feelings about the crimes he committed yet he too still questions why he felt the way he did He is perhaps one of the most interesting American serial killers to date and his true crime stories are among the most disturbing There have been few New York murders committed by serial killers including Rifkin and the Long Island Serial Killer Rifkin was at one time considered a suspect in the case of the Long Island Serial Killer and this true crime book discusses his

opinions of who the killer could actually be If you are passionate about true crime serial killers then you will absolutely enjoy this book Of all the serial killer books out there this one delves into the controversy surrounding the death penalty and discusses whether monsters like Rifkin should be executed or allowed to live their days out in prison when they stripped that opportunity from the innocent victims they slayed

Deranged H. Schechter, 1992-05-28 The true story of the uniquely repellent and shockingly callous killer Albert Fish and the New York murders of the 1920s
