The Crazy Making Disease Christopher Bear Beam,2004-05-12 Racism has been called our nation s evil weed it has been a root of so many problems in our culture This book offers a suggestive hologram in which to solve this problem If we can address this fundamental systemic problem of racism we can surgically remove the main problem of ambiguous identity that is creating such havoc for us At the root of racism is a spiritual element that if investigated discovered and applied may reverse the dysfunctional conditioning factors that fragment our society The book invites the reader to look at some of the conditioners of racism and to uncover some semantic and spiritual strategies that will lead to racial healing It s the author s dream that this will help to create positive mental health around racism

now it comes down to a simple choice Are you or are you not willing to change And with that choice there are resultant consequences It is no more complicated than that **The System Made Me Do It!** Susan M.
