The study explores the underlying motives and processes why and how corporate sponsors and professional football clubs in Germany enter into an additional share deal given the contradictory nature of corporations monetary driven and football clubs maximising sporting success while operating in economic equilibrium This work aims to generate theory within the specific field of professional football and to provide recommendations for action *Reasons for Frequent Failure in Mergers and Acquisitions* Thomas Straub,2007-10-16

Clegg,2001-05-21 The period of economic decline during the 1990s produced a wave of studies focusing on the failure of Japanese management according to western criteria Yet Japanese manufacturing firms have continued to hold competitive power in the world market This book identifies the institutional specificity of Japanese Management and the reasons behind its continued competitiveness Through an exploration of the strategy and structure of Japanese manufacturing corporations the authors discover the essential features and strength of Japanese management systems their problems and new trends and consider how management strategies have been developed for future success This new sophisticated analysis of Japanese manufacturing corporations based on data from over two hundred corporations will enable the reader to better understand Japanese management systems and their potential to lay a foundation for successful management systems throughout the world **Do the Right Deal, Do the Deal Right** Barry Massoudi,2006
