*Bounty Hunter* Rachel Aukes,2025-12-10 Being a bounty hunter in the wastelands isn't easy and it's about to get a whole lot harder. The world went down the crapper a long time ago. Then the revolution came. Things stink even worse now as the corrupt Sloan brothers stake their claim over the lawless wastelands. With no one to stand against them, the people are left to the mercy of the corrupt tyrants. We need a gunfighter who isn't afraid to stand against impossible odds. The problem is that all the heroes died in the revolution, which means we'll have to settle for Havoc Joe Ballast. Ballast is no stranger to bad luck, but when the Sloan brothers corner him, they'll soon learn that you should never ever underestimate the Bounty Hunter. The Mandalorian meets Fallout in this fresh adventure, sure to be enjoyed by all ages. Read the first book in the ongoing story of Havoc Joe Ballast, lone gunfighter of Earth's wastelands.

*Arcanum* Joseph Barresi,2011-03-30 At long last, the core rule book for the World of Arator is here. Included within these pages are the full current rules and all information needed in order to play games within the Arcanum World of Arator universe. Also detailed within this book are a complete comprehensive listing of all 20 character classes a player can be. Classes in the Arcanum universe become even more powerful after level 50 by being promoted to an even more powerful version of the original class. All character classes have access to 10 powerful special talents at the start of level 1, and these abilities only get stronger as a player levels. After level 50, all player classes will receive 5 new talents that are even deadlier. Character classes can learn many different special abilities such as wrestling, duel, wielding, acrobatics, blacksmithing, leatherworking, enchanting, and many more. All classes come stock with their own special abilities, but it doesn't stop there; any player class can learn any special ability they want in addition to the ones they have as a class. Choose between dozens of different races including sun elves, dark elves, dwarves, halflings, orcs, hobgoblins, goblins, trolls, kobolds, and many more. Learn all about the game and how armor ratings work, health points, energy points, magic, and combat. The only limitations within the Arcanum universe is what your imagination can summon into being.

**The Code Silencer: Silence the Code** Edwin Rivera,2016-02-04 Read how this futuristic bounty hunter encounters his vengeance, his missions, and his work with a past that can only make him strong and powerful for what the future of his time leads him into. As he goes through different levels of personalities to accomplish a mission to save humanity from a one-world order, evil government, read how he unites all bounty hunters to go out and assist him to save humanity by destroying the one-world order, evil government.

**Bounty Hunter: Nothing to Nobody** Rachel Aukes,2025-12-10 A dark threat is creeping across the wastelands. Bounty hunters are the closest thing to law enforcement across the wastelands, but most folks can't tell the difference between the criminals and their chasers. Havoc Joe Ballast and his team at the Haft Agency are trying to change that by picking their own targets and going after the worst criminals. But that's not working out so well for them. They should've stuck to the rules. Their first target, the bloodthirsty Red Dead gang, is terrorizing hapless refugees. Things go bad fast when Havoc and his friends are ambushed and forced to flee to the lawless Wilds. Stranded in deadly territory, the hunters must align with a secret rebel group to survive while turning the tables on their merciless enemies. Join the bounty
