## **Buddhist Catechism:**

**The Buddhist Catechism** Henry Steel Olcott, 2009-06-01 A founding member of the Theosophical Society and perhaps the first well known European to convert to Buddhism Henry Steel Olcott made a lasting contribution with his Buddhist Catechism of 1881 Seeing Buddhism with a Westernized scientific eye the work is given in the same question and answer structure used in the Christian Catechism David McMahan wrote of Olcott that he allied Buddhism with scientific rationalism in implicit criticism of orthodox Christianity but went well beyond the tenets of conventional science in extrapolating from the Romantic and Transcendentalist influenced occult sciences of the nineteenth century The Buddhist Catechism Henry S. Olcott, 2017-09-27 The Life of the Buddha The Dharma or Doctrine The Sangha The Rise and Spread of Buddhism Buddhism and Science Appendix The Fourteen Propositions accepted by the Northern and Southern Buddhists as a platform of unity Bibliography The Buddhist Catechism Henry Steel Olcott, 2016-08-07 The Buddhist Catechism was Olcott's attempt to elucidate the basic doctrines of Buddhism in an ecumenical way This book is still in use today in Sri Lanka Olcott is fondly remembered in Sri Lanka and by Theosophists world wide The Parts include The Life Of The Buddha The Dharma Or Doctrine The Sangha The Rise And Spread Of Buddhism and Buddhism And Science *The Buddhist Catechism* Henry S. Olcott, 2023-12-27 In *The Buddhist Catechism* Henry S Olcott provides a comprehensive overview of Buddhist teachings structured as a systematic guide that elucidates fundamental doctrines practices and ethical precepts Olcott employs a clear and accessible literary style presenting complex ideas in straightforward language making Buddhism approachable for both novices and practitioners The work is situated within the context of 19th century Western interest in Eastern philosophies acting as a bridge between these diverse cultures and imparting insights from the Pali Canon and other sacred texts Henry S Olcott was a pivotal figure in the Theosophical Society and a tireless advocate for Buddhist revival in the West His journey from a journalist and a pioneer of religious syncretism to a devoted student of Buddhism reflects his profound commitment to understanding and disseminating Eastern philosophies His extensive travels in Asia and interactions with leading Buddhist scholars influenced his perspectives culminating in the creation of this catechism which seeks to clarify and celebrate Buddhist teachings *The Buddhist Catechism* is a crucial resource for anyone interested in understanding Buddhism as a philosophy and way of life Scholars students and enthusiasts alike will find this text an invaluable reference revealing Olcott's intent to educate and inspire a deeper appreciation of Buddhist principles in an era of increasing cultural exchange *A Buddhist Catechism* ,1920 *The Buddhist Catechism* Henry S. Olcott, 2018-05-23 Reproduction of the original *The Buddhist Catechism* by Henry S Olcott The Buddhist Catechism Henry Steel Olcott, 1915 *Buddhist Catechism* Henry Steele Olcott, 2011-04-09 While in India Henry Steele Olcott 1832 1907 strove to receive original translations of texts which had grown in popularity as a result of colonialist collections of sacred Oriental texts His intent was to avoid the Westernized interpretations often encountered in America and to discover the pure message of texts from the Buddhist Hindu and

Zoroastrian religions in order properly to educate Westerners The Buddhist Catechism composed by Olcott in 1881 represents one of his most enduring contributions to the revival of Buddhism in Ceylon Sri Lanka and it remains in use there still today The text outlines what Olcott saw to be the basic doctrines of Buddhism including the life of the Buddha the message of the Dharma Buddha s teachings the role of the Sanga monastic assembly or following The text also treats how the Buddha s message correlates with contemporary society Olcott was considered by South Asians and others as a Buddhist revivalist

Olcott,2016-08-17 The popularity of this little work is proved by the constant demand for new editions in English and other languages In looking over the matter for the present edition I have found very little to change or to add for the work seems to present a very fair idea of the contents of Southern Buddhism and as my object is never to write an extended essay on the subject I resist the temptation to wander off into amplifications of details which however interesting to the student of comparative religion are useless in a rational scheme of elementary instruction H S Olcott **A Buddhist Catechism** Olcott Henry Steel,2019-02-28 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **A Buddhist Catechism** Subhadra (Bhikshu),1908 **A Buddhist Catechism** Subhādra (bhikshu.),1895 **A Buddhist Catechism, According to the Sinhalese Canon, by Henry S. Catechism An Outline of the Doctrine of the Buddha Gotama There have appeared of late years on the subject of Buddhism a great many comprehensive and critical works none perhaps it may be said of more value than F W Rhys David s essay but yet no simple exposition suited to the general intelligence and setting forth the sublime doctrine of the Buddha Gotama not as though a system no longer active but as a yet living source of pure truth accessible still to all men athirst for spiritual knowledge and abundant to satisfy that thirst Of this sort the Buddhist Catechism of Henry S Olcott affords the earliest example It had a surprising success Originally intended only for the instruction of Singalese children it was scarcely suited to the highly educated European reader Nevertheless within a few years many thousand copies were sold a sufficient proof of the increasing interest taken in Buddhism by the Western world About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
