

## Instructor's Worksheet

**Directions:** Before beginning, each student should be given a copy of the student worksheet that corresponds to this instructor's worksheet. Students should only work on the large picture. Sentences are to be read aloud, allowing adequate time for each direction to be completed. The sentences may be repeated if necessary.

1. Draw an "X" on the rock that the frog is sitting on.
2. Draw a line under the person who is standing in the water.
3. Point to a plant that is growing in the water.
4. Point to something that likes to hop.
5. Color the trunks of the trees the color of a chocolate bar.
6. Color the water the color of the sky on a sunny day.
7. Circle the piece of the girl's clothes that might get wet if she is not careful.
8. Put two small dots on the small rock sitting in the water.
9. If you think the girl is wearing shoes, color her shirt red. If you think she is barefoot, color her shirt green.
10. If you think this is happening in the summer, draw a sun in the sky. If you think it is a winter day, draw snowflakes in the sky.

*Building Auditory Direction Skills* Jean Gilliam DeGaetano, 1991      **Building Auditory Directions Skills** Jean Gilliam DeGaetano, 1997 Ce livre propose des illustrations reproductibles qui permettent le développement du respect des consignes verbales chez l'enfant en utilisant des verbes d'action comme pointer, dessiner, entourer, colorer, compter, toucher et les phrases au conditionnel d'accord avec si      [Cognitive and Brain Plasticity Induced by Physical Exercise, Cognitive Training, Video Games and Combined Interventions](#) Soledad Ballesteros, Claudia Voelcker-Rehage, Louis Bherer, 2018-07-05 The premise of neuroplasticity on enhancing cognitive functioning among healthy as well as cognitively impaired individuals across the lifespan and the potential of harnessing these processes to prevent cognitive decline attract substantial scientific and public interest. Indeed, the systematic evidence base for cognitive training, video games, physical exercise, and other forms of brain stimulation such as entrain brain activity is growing rapidly. This Research Topic (RT) focused on recent research conducted in the field of cognitive and brain plasticity induced by physical activity, different types of cognitive training including computerized interventions, learning therapy, video games, and combined intervention approaches, as well as other forms of brain stimulation that target brain activity including electroencephalography and neurofeedback. It contains 49 contributions to the topic including Original Research articles (37), Clinical Trials (2), Reviews (5), Mini Reviews (2), Hypothesis and Theory (1), and Corrections (2).      [Classroom Behavior Management for General and Special Educators](#) Myung-Sook Koh, 2025-06-02 This comprehensive textbook outlines a holistic approach to inclusive classroom management. It critically examines the limitations inherent in behaviorism-based methods, particularly the Positive Behavior Interventions and Supports (PBIS) framework rooted in Applied Behavior Analysis (ABA), and offers an alternative that integrates the full spectrum of student needs and the complexities of modern educational dynamics. Addressing the interconnected crises of falling academic standards, rising teacher turnover, and growing student behavioral and emotional challenges, the book presents a comprehensive, actionable strategy for accurately identifying classroom deficiencies and effectively responding to them in a student-centered way. Applicable to both special education and general educational contexts, *Classroom Behavior Management for General and Special Educators* is key reading for pre-service teachers in classroom and behavior management courses, as well as in-service teachers, teacher educators, and school administrators seeking new ways to address student behavior.      **Processing Auditory Directions**, 2001 Book is designed to help students between 5 and 10 years of age build listening, speaking, and thinking skills as they participate in a variety of listening activities.      *Different Minds* Deirdre V Lovecky, 2023-06-21 In this fully updated second edition, this book provides an insight into the challenges and benefits specific to gifted children with attention difficulties. Recognising the different kinds and levels of giftedness, it explains why certain children are gifted and how giftedness is manifested, with each chapter addressing the relevance of a specific topic for children with ADHD and Asperger Syndrome. Lovecky guides parents and professionals through methods of

diagnosis and advises on how best to nurture individual needs positive behaviour and relationships at home and at school Lovecky explores concepts such as asynchrony and the effects of such uneven development on children using case studies to illustrate emotional intellectual creative and social development She also highlights the inadequate measures currently in place to assist parents and teachers and goes on to clearly define what is required to understand and help these children so that their needs can be met more positively in the future Different Minds with its wealth of practical and background information is essential reading for all those who live or work with gifted children with attention difficulties
