Baker, 2009-06-01 When we think about globalization with the eyes and heart of a sovereign mission God we must recognize the vast opportunities before us as God is moving His people around the world bringing the gospel with them in new and different ways Globalization and Its Effects on Urban Ministry in the 21st Century is an attempt to broaden the views of individuals and institutions alike to what God is doing around the world and how He is accomplishing His purposes through globalization The book is organized around the four overarching themes of globalization reconciliation church planting and leadership development

Hybridizing Mission Peter T. Lee, 2022-09-27 This qualitative study explores intercultural social dynamics among international Christian workers who are part of multicultural teams engaged in Christian ministries in a North African country It seeks to understand these workers lived realities at intersections of multiple cultural flows Ethnographic methods were used to collect and analyze data and forty nine international Christian workers were interviewed The findings of this study indicate that intercultural Christian workers go through complex intercultural social processes interwoven in the fabric of their everyday life These processes are mediated by their social experiences in the local North African context and their multicultural teams resulting in significant changes in their personal dispositions and social behaviors Based on these findings a working concept of diasporic habitus is developed and the practice of double discourses of culture is further examined This research suggests that some existing missiological concepts need to be revisited and recommends further interdisciplinary conversations involving cultural anthropology and sub fields in psychology about the changes that happen to people in intercultural missions It also calls for a reflexive approach to missiological research that

incorporates awareness of one's situatedness and the lasting impact of historical entanglements on contemporary intercultural relations

Foundations for Fruitful Church Planting Ken L. Davis, 2023-07-28 Church planting is one of the most challenging yet rewarding adventures you can embark on. Often zealous planters and their teams launch their new church prematurely without taking time to lay a firm foundation for long-term fruitful ministry. Failure to do so often results in a weakened new church or even the new church closing after a few years. Rather than focusing on methodology, the how-to's of church planting, this book gives attention to six foundational concerns wise planters will need to nail down before they ever plant: Biblical foundations, Theological foundations, Ecclesiological foundations, Missiological foundations, Spiritual foundations, and Practical foundations. Although helpful for a wide range of planting leaders, this book is particularly written for four specific groups: those who feel called to plant and are making preparations; their planting teammates; and launch leaders; those exploring church planting; those who coach and train church planters. *Foundations for Fruitful Church Planting* serves as a comprehensive resource that will guide you to think strategically, plan carefully, and prepare thoroughly to birth a healthy, growing, and reproducing congregation. Each chapter includes recommended resources, discussion questions, and follow-through exercises.

Missionaries, Mental Health, and Accountability Jonathan J. Bonk, J. Nelson Jennings, Kim Jinbong, 2020-03-09 Hope and Help in Member Care: Culture shock, Marital strife, Depression, Addictions, Disillusionment, Organization and team tensions, Family trauma, Medical issues. This is not what you signed up for when you pursued missions. Field workers cross linguistic, cultural, and ministry boundaries, but they still experience the same mental health challenges as everyone else, and often more. When the missionary unit includes a spouse and children, the complexities multiply as each person undergoes stressors. Needing psychological or psychiatric help too often leads to burnout or worse. It's time to let go of the stigma and embrace mental health. *Missionaries, Mental Health, and Accountability* opens with stories of scriptural saints who also struggled and still made profound impacts for the kingdom. Then, global contributors, comprised of an equal balance of Korean and Western writers, reach into the complexity of missionary mental health with the added component of accountability in church and agency support systems. Specifically, four important areas of missionary mental health are considered: 1) disillusion, discouragement, and depression; 2) relational dynamics and tensions; 3) contributing factors in missionary psychological duress; and 4) resources and organizational structures that address missionary mental health. Every chapter demonstrates courage, personal conviction, and judicious honesty. Significant insights provided through case studies, surveys, and personal reflections will offer action steps for increasing mental health awareness and developing mental health best practices for individuals and teams. Written for field workers and those who support them, *Missionaries, Mental Health, and Accountability* is a critical resource in member care.
