Building The Social Union Perspectives Directions And Challenges:

Forging the Canadian Social Union Institute for Research on Public Policy, 2003 Social Union Framework evaluates the Social Union Framework Agreement SUFA as well as subsequent developments in intergovernmental relations as the deadline for the review of the Agreement approaches **Romanow Papers: The governance of health care in Canada** Commission on the Future of Health Care in Canada, 2004-01-01 The twelve papers in this third volume of the research program for the Romanow Commission offer a detailed analysis of the governance of health care in Canada from the perspective of constitutionalism intergovernmental relations and societal context In the first section the authors deal with the formal division of powers regarding health care as outlined in the Canadian constitution and the Charter of Rights and Freedoms The second section outlines the strengths and weaknesses of the intergovernmental governance of health care Finally the third section focuses on governance of health care outside of the governmental sphere The theme that resonates throughout the contributions and which is in itself a call for deeper analysis is that health care governance has become locked in a cycle of mutual recrimination blame assigning and blame avoidance from the federal and provincial levels right down to the level of the individual citizen Canadian Books in Print. Author and Title Index, 1975 **Building the Social Union** University of Regina. Canadian Plains Research Center, Saskatchewan Institute of Public Policy, 2002 An analysis of SUFA the social union framework agreement signed in 1999 by the federal government and nine provincial governments *E-government Reconsidered* University of Regina. Canadian Plains Research Center, Saskatchewan Institute of Public Policy, 2004 **Fiscal Federalism in Canada** André Lecours, Daniel Béland, Trevor Tombe, Eric Champagne, 2023-11-30 Featuring insights from some of the top specialists in the country Fiscal Federalism in Canada unpacks numerous complexities of fiscal federalism in Canada The book features key regional and provincial perspectives while taking into account Indigenous realities the three territories and municipal affairs The contributing authors go beyond the major federal transfers to examine the financing of education cities infrastructure and housing This volume shows that fiscal federalism is much more than simply an aggregate of individual programs and transfers It highlights the role of actors other than the federal and provincial governments and recalls the importance of territoriality The book pays close attention to the political dimension of fiscal federalism in Canada which is at the heart of how the federation functions and is essential to its governance Fiscal federalism is central to the funding of critical programs through intergovernmental transfers but it is also the focus of political debates on territorial redistribution In tackling essential questions Fiscal Federalism in Canada contributes to the so called second generation fiscal federalism literature taking stock of the critical sociological and political issues at its core Inequality and the Fading of Redistributive Politics Keith Banting, John Myles, 2013-09 All advanced democracies have faced the pressures of globalization technological change and new family forms which have generated higher levels of inequality in market incomes But countries have responded differently reflecting differences in their

domestic politics The politics of who gets what and why is at the core of this volume the first to examine this question in an explicitly Canadian context In *Inequality and the Fading of Redistributive Politics* leading political scientists sociologists and economists point to the failure of public policy to contain surging income inequality Government programs are no longer offsetting the growth in inequality generated by the market and Canadian society has become more unequal The redistributive state is fading due to powerful forces that have reshaped the politics of social policy including global economic pressures ideological change shifts in the influence of business and labour changes in the party system and the decline of equality seeking civil society organizations On one side the organizations that speak for the economic interests of lower income Canadians mobilizing resources expertise and attention on their behalf have been weakened On the other side changes in the distribution of power within our political institutions have made concerted action to tackle inequality more difficult This volume demonstrates conclusively that action and inaction policy change and policy drift are at the heart of growing inequality in Canada Governments have not responded energetically to the evidence and their indifference calls into question Canada's record as a kinder gentler nation

Making EI Work Keith Banting, Jon Medow, 2013-04-08 Since the inception and design of Canada's Employment Insurance EI program the Canadian economy and labour market have undergone dramatic changes It is clear that EI has not kept pace with those changes and experts and advocates agree that the program is no longer effective or equitable *Making EI Work* is the result of a panel of distinguished scholars gathered by the Mowat Centre Employment Insurance Task Force to analyze the strengths weaknesses and future directions of EI The authors identify the strengths and weaknesses of the system and consider how it could be improved to better and more fairly support those in need They make suggestions for facilitating a more efficient Canadian labour market and meeting the human capital requirements of a dynamic economy for the present and the foreseeable future The chapters that comprise *Making EI Work* informed the task force's final recommendations and form an engaging dialogue that makes the case for and defines the parameters of a reformed support system for Canada's unemployed Contributors include Ken Battle Caledon Institute of Social Policy Robin Boadway Queen's University Allison Bramwell University of Toronto Sujit Choudhry New York University School of Law Kathleen M Day University of Ottawa Ross Finnie University of Ottawa Jean Denis Garon Queen's University David Gray University of Ottawa Morley Gunderson University of Toronto Ian Irvine Concordia University Stephen Jones McMaster University Thomas R Klassen York University Michael Mendelson Caledon Institute of Social Policy Alain Noël Université de Montréal Michael Pal University of Toronto Faculty of Law W Craig Riddell University of British Columbia William Scarth McMaster University Luc Turgeon University of Ottawa Leah F Vosko York University Stanley L Winer Carleton University Donna E Wood University of Victoria and Yan Zhang Statistics Canada

Contested Federalism Herman Bakvis, Douglas Mitchell Brown, Gerald Baier, 2009 Federalism particularly in Canada involves an ongoing contestation of interests ideas and identities It is a contestation that sometimes clarifies but often obscures the nature of

conflicts and the manner in which they are resolved Recognizing the great degree of ambivalence associated with federalism the authors provide students with the conceptual tools and basic knowledge of various governmental processes that will allow them to analyze and if necessary critique intergovernmental relations Focusing on three areas basic federal and intergovernmental structure the constitutional and institutional framework of the federation and federal governance

Contested Federalism is an engaging and balanced treatment of federalism in Canada **Dilemmas of Solidarity** Lorne Mitchell Sossin, Lorne Sossin, Jean-Francois Gaudreault-Desbiens, Sujit Choudhry, 2006-12-09 Since the rise of the Canadian welfare state in the aftermath of the Second World War the politics of social policy and fiscal federalism have been at the centre of federal provincial relations Recent events have given impetus for scholars to re examine these issues In 2002 the Quebec Commission on Fiscal Imbalance released its report which introduced the term vertical fiscal imbalance into the vocabulary of Canadian politics Essentially the commission determined that a disjunction between revenue raising capacity and expenditures involving different orders of government vertical fiscal imbalance was an urgent problem that must be addressed **Dilemmas of Solidarity** is both a reflection on and response to that finding Editors Sujit Choudhry Jean Francois Gaudreault Desbiens and Lorne Sossin bring together an array of respected legal and political scholars to reflect on the Quebec Commission s findings The contributors to this volume illustrate how recent debates surrounding Canada s equalization program suggest alternative ways to approach the issue The goal of **Dilemmas of Solidarity** is to stand back from the particulars of different policy debates to enable scholars to reflect on basic questions regarding redistribution This fascinating collection will undoubtedly inform a more nuanced and wide ranging debate both among academics and policy practitioners than has occurred in this past Contributors Paul Boothe Katherine Boothe Sujit Choudhry David Duff Jean Francois Gaudreault DesBiens Andree Lajoie Alain Noel Peter H Russell Richard Simeon Lorne Sossin Fran ois Vaillancourt Daniel Weinstock *Book Review Index Cumulation* Dana Ferguson, 2005-09 *Book Review Index* provides quick access to reviews of books periodicals books on tape and electronic media representing a wide range of popular academic and professional interests The up to date coverage wide scope and inclusion of citations for both newly published and older materials make *Book Review Index* an exceptionally useful reference tool More than 600 publications are indexed including journals and national general interest publications and newspapers *Book Review Index* is available in a three issue subscription covering the current year or as an annual cumulation covering the past year **Disability and Social Policy in Canada** Mary Ann McColl, Lyn Jongbloed, 2006 Concise and accessible this book is the authoritative up to date resource for academics researchers students and professionals engaged in the field of disability and social policy This new edition moves beyond existing programs and history and focuses more on issues affecting policy and policy analysis It analyzes the current state and future prospects of disability policy at the beginning of the 21st century and attempts to identify directions for development and investment to ensure the best possible policy environment for disabled Canadians Transformation
