Descent Poems:

The Descent Sophie Cabot Black, 2004-09 Black's poems in their measured grace have a quiet intensity animated by her passion for a clarity of understanding in the art as in the life Stanley Kunitz I have not handled the ordinary well And wandered into much time spent Taking on the unfaithful Blunder and flaw from Heaven Which Is Sophie Cabot Black's anticipated follow up to her award winning debut The Misunderstanding of Nature describes a restless spirit at the crossroads of love and damage rapture and disenchantment the mountain and the descent The voices of these poems struggle through the hesitations of doubt and loss to end at more than survival or witness they achieve clarity by singing of the resiliencies of the known world after paradise inevitably fails

Descent Kathryn Stripling Byer, 2012-11-05 Navigating the dangerous currents of family and race Kathryn Stripling Byer's sixth poetry collection confronts the legacy of southern memory where too often it's safer to stay blind Beginning with Morning Train a response to Georgia blues musician Precious Bryant Byer sings her way through a search for identity recalling the hardscrabble lives of her family in the sequence Drought Days and facing her inheritance as a white southern woman growing up amid racial division and violence The poet encounters her own naive complicity in southern racism and challenges the narrative of her homeland the Gone with the Wind mythology that still haunts the region Ultimately Descent creates a fragile reconciliation between past and present calling over and over again to celebrate being as in the book's closing manifesto Here Where I am

Counting Descent Clint Smith, 2020-01-06 From the author of How the Word is Passed A Reckoning with the History of Slavery Across America Winner 2017 Black Caucus of the American Library Association Literary Award Finalist 2017 NAACP Image Awards One Book One New Orleans 2017 Book Selection Published in The New Yorker The New York Times Magazine Poetry Magazine The Paris Review New Republic Boston Review The Guardian The Rumpus and The Academy of American Poets So many of these poems just blow me away Incredibly beautiful and powerful Michelle Alexander Author of The New Jim Crow Counting Descent is a tightly woven collection of poems whose pages act like an invitation The invitation is intimate and generous and also a challenge are you up to asking what is blackness What is black joy How is black life loved and lived To whom do we look to for answers This invitation is not to a narrow street or a shallow lake but to a vast exploration of life And you're invited Elizabeth Acevedo Author of Beastgirl Other Origin Myths These poems shimmer with revelatory intensity approaching us from all sides to immerse us in the America that America so often forgets Gregory Pardlo Counting Descent is more than brilliant More than lyrical More than bluesy More than courageous It is terrifying in its ability to at once not hide and show readers why it wants to hide so badly These poems mend meld and imagine with weighted details pauses idiosyncrasies and word patterns I've never seen before Kiese Laymon Author of Long Division Clint Smith's debut poetry collection Counting Descent is a coming of age story that seeks to complicate our conception of lineage and tradition Do you know what it means for your existence to be defined by someone else's intentions Smith explores the cognitive dissonance

that results from belonging to a community that unapologetically celebrates black humanity while living in a world that often renders blackness a caricature of fear His poems move fluidly across personal and political histories all the while reflecting on the social construction of our lived experiences Smith brings the reader on a powerful journey forcing us to reflect on all that we learn growing up and all that we seek to unlearn moving forward

Patterns of Descent Richard Foerster, 1993-01-01 Descent Jennifer LeBlanc, 2020-02-14 The poems in *Descent* illuminate the lives of women mythological Biblical historical and modern through traditional poetic forms persona poems and ekphrastic work Whether reimagining the myth of Persephone and Demeter in the context of a modern mother daughter relationship or giving voice to anonymous women portrayed in Impressionist paintings these poems revise patriarchal stories from a decidedly feminist point of view Woven throughout the collection are more personal poems connecting the poet's experience to that of the characters
