Desert Victory The War For Kuwait:

Desert Victory Norman Friedman,1991 Analyzes the Persian Gulf War describes the strengths and weaknesses of the Coalition forces and evaluates the strategies and weapons used in the war Persian Gulf War, 1990-1991 ,1991

Blitzkrieg to Desert Storm Robert Michael Citino,2004 When Germany launched its blitzkrieg invasion of France in 1940 it forever changed the way the world waged war Although the Wehrmacht ultimately succumbed to superior Allied firepower in a two front war its stunning operational achievement left a lasting impression on military commanders throughout the world even if their own operations were rarely executed as effectively Robert Citino analyzes military campaigns from the second half of the twentieth century to further demonstrate the difficulty of achieving decisive results at the operational level Offering detailed operational analyses of actual campaigns Citino describes how UN forces in Korea enjoyed technological and air superiority but found the enemy unbeatable provides analyses of Israeli operational victories in successive wars until the Arab states finally grasped the realities of operational level warfare in 1973 and tells how the Vietnam debacle continued to shape U S doctrine in surprising ways Looking beyond major power conflicts he also reveals the lessons of India s blitzkrieg like drive into Pakistan in 1971 and of the senseless bloodletting of the Iran Iraq War Citino especially considers the evolution of U S doctrine and assesses the success of Desert Storm in dismantling an entrenched defending force with virtually no friendly casualties He also provides one of the first scholarly analyses of Operation Iraqi Freedom showing that its plan was curiously divorced from the realities of military history grounded instead on nebulous theories about expected enemy behavior Throughout Citino points to the importance of mobility especially mobilized armor in modern operational warfare and assesses the respective roles of firepower training doctrine and command and control mechanisms Brimming with new insights Citino s study shows why technical superiority is no guarantee of victory and why a thorough grounding in the history of past campaigns is essential to anyone who wishes to understand modern warfare Blitzkrieg to Desert Storm provides that grounding as it addresses the future of operational level warfare in the post 9 11 era *Naval Aviation News* ,1992 *The Lessons Of Modern War, Volume Iv* Anthony H Cordesman,Abraham Wagner,1990 This series takes a

comprehensive look at five major conflicts in the later part of the 20th century **Naval War College Review** ,1993

Middle East Contemporary Survey ,1993 The Lessons of Modern War Anthony H. Cordesman,1990 **Naval War College Review** Naval War College (U.S.),1993 The Iraqi Invasion of Kuwait Musallam Ali Musallam,1996 Evaluates three factors which may explain the causes of the Gulf War First the author compares Saddam Hussein s personality to other war like dictators analyzes the internal weaknesses of the Iraqi state and then assesses the formal anarchy of the post

United States Naval Institute Proceedings ,2001 *Commanders in Chief* Joseph G. Dawson,1993 Since 1798 when Congress authorised John Adams to employ the navy to capture armed French vessels preying on American shipping along the Atlantic coast US presidents have grappled with the complexities of war Some have dealt with it skilfully while others

have tended towards the inept Some have wanted to exert their war powers while others have shied away from them Some have been successful while others have not **The Brookings Review** ,1990 United States Naval Forces in Desert Shield and Desert Storm ,1993 *The Tanker War, 1980-88* George K. Walker,Naval War College (U.S.),2000 *Iraq and the Second Gulf War* Mohammad-Mahmoud Mohamedou,1998 This study examines the foreign policy making process of the Iraqi leadership during the 1990 1991 Second Gulf War It analyzes and explains the sequence of decisions that the Baathist regime in Iraq enacted during the crisis and the conflict that followed its invasion of Kuwait on August 2 1990 A state centric framework for the analysis of foreign policy behavior is devised and an investigation is made of the events leading up to the war Iraq and the Second Gulf War provides the scholar the policy maker and the student with a summary of research on the Gulf conflict and on the states of foreign policy analysis at the same time that it pinpoints alternative perspectives A detailed day to day chronology of the Gulf war enhances the book s research value as does an extensive bibliography and index

Weapons of War Jay Speakman,2001 This book describes the weapons used in the Persian Gulf War including aircraft and ground weapons and discusses the influence of sea power on Desert Storm How Navies Fight Frank Uhlig,1994 *How Navies Fight* is a search for and identification of those methods of sea warfare that can be counted on to show up most often It is also a report to the owners about what they should expect their fleets to do for them when they send ships out to fight

The Other Kuwait Lee R. Lambert,Erin Lambert,1992 **A Guide to the Sources of United States Military History** Robin Higham,Donald J. Mrozek,1998

Fuel your quest for knowledge with is thought-provoking masterpiece, Explore **Desert Victory The War For Kuwait** .
