Spaces and Places Saija Isomaa, Kirsi Saarikangas, 2014-07-18 Imagining Spaces and Places seeks to produce an interdisciplinary dialogue between art history and literature studies and other fields of cultural analysis that work with the concepts of space place and various scapes such as cityscapes bodyscapes mindscapes and memoryscapes as well as the more familiar landscapes The volume was inspired by new lines of study that underline the experiential and multidimensional aspects of spaces We explore how art literature or urban spaces forge scapes by imposing or suggesting aesthetic evaluative or ideological orderings and perceptual as well as emotive perspectives on the raw material or on previous ways of spatial worldmaking We look at the role of cultural and artistic renderings of space in relation to everyday experiences of spaces We examine how the experiences of places are mediated in various art forms and other cultural discourses or practices and how these discourses contribute to the understanding of particular places and also to understanding space in more general terms Imagining Spaces and Places is addressed to scholars and teachers working at the intersection of cultural and spatial analyses as well as to their undergraduate and postgraduate students **Alexander Girard, Architect** Deborah Lubera

Kawsky, 2018-06-18 Showcases the bold innovative and colorful architectural designs of Alexander Girard During the midcentury period Michigan attracted visionary architects designers and theorists including Alexander Girard While much has been written about Girard s vibrantly colored and patterned textiles for Herman Miller the story of his Detroit period 1937 53 encompassing interior and industrial design exhibition curation and residential architecture has not been told Alexander Girard Architect Creating Midcentury Modern Masterpieces by Deborah Lubera Kawsky is the first comprehensive study of Girard s exceptional architectural projects specifically those concentrated in the ultra traditional Detroit suburb of Grosse Pointe One exciting element of the book is the rediscovery of another Girard masterpiece the only surviving house designed entirely by Girard and former residence to Mr and Mrs John McLucas Restored in consultation with iconic midcentury designer Ruth Adler Schnee the McLucas house represents the culmination of Girard s Detroit design work at midcentury Stunning color photographs capture the unique design elements including the boldly colored glazed brick walls

of the atrium reminiscent of Girard's role as color consultant for the GM Tech Center. Original Girard drawings for the building plan, interior spaces, and custom designed furniture document the mind of a modernist master at work and are made available to the public for the first time in this beautiful book. Alexander Girard Architect is a beautiful informative book suited for enthusiasts of Alexander Girard, the midcentury modern aesthetic, and Detroit history, art, and architecture.
